thinking through place on the early modern english stage argues that environment and embodied thought continually shaped one another in the performance of early modern english drama it demonstrates this first by establishing how characters think through their surroundings not only how they orient themselves within unfamiliar or otherwise strange locations but also how their environs function as the scaffolding for perception memory and other forms of embodied thought it then contends that these moments of thinking through place theorise and thematise the work that playgoers undertook in reimagining the stage as the setting of the dramatic fiction by tracing the relationship between these two registers of thought in such plays as the malcontent dido queen of carthage tamburlaine king lear the knight of the burning pestle and bartholomew fair this book shows that drama makes visible the often invisible means by which embodied subjects acquire a sense of their surroundings it also reveals how in doing so theatre altered the way that playgoers

a holistic reading of nietzsche s distinctive thought beyond the death of god in nietzsche s kind of philosophy richard schacht provides a holistic interpretation of friedrich nietzsche s distinctive thinking developed over decades of engagement

with the philosopher's work for Schacht Nietzsche's overarching project is to envision a philosophy of the future attuned to new challenges facing western humanity after the death of God when monotheism no longer anchors our understanding of ourselves and our world. Schacht traces the developmental arc of Nietzsche's philosophical efforts across *Human All Too Human*, *Daybreak*, *Joyful Knowledge*, *The Gay Science*, *Thus Spoke Zarathustra*, *Beyond Good and Evil*, and *On the Genealogy of Morality*. He then shows how familiar labels for Nietzsche—nihilist, existentialist, individualist, free spirit, and naturalist—prove insufficient individually but fruitful if refined and taken together. The result is an expansive account of Nietzsche's kind of philosophy.

In *You Must Be Born Again*, Phillis Wheatley as prophetic poet, the author argues that Phillis Wheatley is the mother of liberation theology. The author uses Wheatley's poetry and life experiences to create a portrait of Wheatley beyond that of a poet. Wheatley is described as both poet and visionary who wrestles with God during the creative process. The lyrical expressions of Wheatley's poetry unlock the spiritual impressions on her heart. The author sets up the racial dynamics of Wheatley's time and her engagement with those politics as a preacher. Wheatley combats the immoral undercurrent that erodes the community's social, economic, and spiritual foundation as well as its political systems. The author positions Wheatley as one uniquely qualified to address the hypocrisy within her world and, by implication, present-day society by calling for immersion into a radical understanding of love and justice, resulting in a renewed hope for equality and a pathway toward equity.

The last three decades of the 20th century have marked the triumph of many Black professional women against great odds in the workplace. Despite their success, few novels celebrate their accomplishments. Black middle-class professional women want to see themselves realistically portrayed by protagonists who work to achieve significant productivity and visibility in their careers, desire stability in their personal lives, aspire to accrue wealth, and live elegantly though not consumptively. The author contends that most recent American realistic fiction fails to represent Black professional women protagonists.
