the united states is destroying itself from the inside out the corruption of america is a kind of moral decay a kind of greed a kind of desperate grasp for power and it's destroying our nation these corruptions do not need to exist if individual americans take it upon themselves to become better citizens act with rational self interest and reject the ethos of getting ours we can correct these corruptions that's why stansberry research founder porter stansberry published america 2020 the survival blueprint many are referring to it as the most valuable book in america i love the book it is so clear and concise though i have studied a bit about the smartest way to survive what is coming this put all the best ideas together in one place my hat is off to you guys j r absolutely excellent book i need to buy another 12 for my family and friends k b i read it the first day i had it it is a great book that explains our current situation simply and very accurately i intend to continue to use this book as a guide for investing and i will recommend it to my family and friends l r this is a story all americans should know about i don't usually buy things off the internet but i am extremely glad that i made an exception in this case c r

the idea for the book emanated from the experience of one of the editors dr hana ajouz who encountered many general surgery residents who were seeking a good absite review book from

which to study and none was found to be truly comprehensive and up to date there is an immense need for a comprehensive yet concise and easy to use book that has a clear structure and one that reflects new findings methods and references that current surgical residents will find to be applicable the intentional structure of the book is simply this capture the most pertinent information for each specialty that is on the score curriculum and frequently asked on the absite exam and present it to the reader in a capsulized simplified format of charts or tables hence in addition to its study friendly structure this review book comprehensively mirrors most contemporary general surgery curricula it also encompasses key operative steps of wider general surgery procedures which most review books lack moreover while most absite review books are written by one or a few authors each chapter in this book is reviewed authored by someone with expertise in their specialty this compiles the experience of many authorities into one resource helping general surgery residents stay up to date with the most recent and important concepts in the field
