the pilots were attempting to return to honolulu but with the failure of both engines on the right wing of the ual 747 combined with massive structural damage there was a very real possibility that they would be required to ditch the thought of ditching into the ocean in the dark of night is daunting the flight attendants could have secured themselves in their jump seats but instead stood in the aisles to prepare their passengers the roar of the air rushing by at a speed of 190 to 200 knots was deafening in the cabin the flight attendants could only mime the instructions for passengers to look at their safety cards and to demonstrate the donning of life vests the aloha 737 was severely damaged literally now a convertible and was in emergency descent with speeds of 280 to 290 knots the roar of the wind was deafening the forward flight attendant had been sucked out of the cabin as it ruptured the aft flight attendant was seriously injured the mid flight attendant suffering minor injuries and being the only one able rather than securing herself in her jump seat she crawled up and down the aisle calming her passengers and assisting the injured flight attendants lost offers a fascinating look into what went on inside the airplane from actual aircraft accident and

incident case studies spanning decades and countries the book covers the intense training the ongoing vigilance the behind the scenes team work and the committed actions of flight attendants in emergency situations it uncovers the complexities of aircraft safety design and makes sense of the reasons behind safety rules and regulations making this book an educational must read for air travellers flight attendants lost is not only an eye opener but is a reassuring read that will make you look at flying differently it is also a beautifully written memorial tribute to the hundreds of flight attendants who over the years have given their lives in the line of duty

this new vault guide to flight attendant careers provides the inside scoop on everything from training programs and unions to crew schedules and perks for this exciting career

about the author roopali has been working in the aviation industry since long apart from being a flight attendant she has also worked as a trainer curriculum developer for various educational institutes and mentored countless students and cabin crew aspirants at various occasions she firmly believes when we do something we should be the best at doing it instead of boasting about her achievements here she insisted on sharing how she began her career in airlines so as to motivate the candidates she did not have any one from her family or friends to guide her neither was she aware of the privileges of online learning in those days had there been a guiding light like this book back then aspirants would have been able to materialize their dreams much before and this is the exact reason why this book has been developed people have dreams of flying across oceans travelling the world ticking places off their bucket list meeting new people belonging to different nationalities willingness to appreciate different cultures and lots more but not everyone has the means to do so that is why this book has been designed in such a way that it brings to you all the information related to a flight attendant s job under one roof so ladies and gentlemen brace yourself for the most exciting and unexplored journey of your life

get ready for takeoff the life of the flight attendant a k a stewardess was supposedly once one of glamour exotic travel and sexual freedom as recently depicted in such films as catch me if you can and view from the top the nostalgia for the beautiful carefree and ever helpful stewardess perhaps reveals a yearning for simpler times but nonetheless does not square with the difficult demanding and sometimes dangerous job of today s flight attendants based on interviews with over sixty flight attendants both female and male labor leaders and and drawing upon his observations while flying across the country and overseas drew whitelegg reveals a much more complicated profession one that in many ways is the quintessential job of the modern age where life moves at record speeds and all that is solid seems up in the air containing lively portraits of flight attendants both current and retired this book is the first to show the intimate illuminating funny and sometimes dangerous behind the scenes stories of daily life for the flight attendant going behind the curtain whitelegg ventures into first class coach the cabin and life on call for these men and women who spend week in and week out in foreign cities sleeping in hotel rooms miles from home working the skies also elucidates the contemporary work and labor issues that confront the modern worker the demands of full time work and parenthood the downsizing of corporate america and the resulting labor lockouts decreasing wages and hours worked job insecurity and the emotional toll of a high stress job given the events of 9 11 flight attendants now have an especially poignant set of stressful concerns to manage both for their own safety as well as for those they serve the passengers flight attendants originally registered nurses charged with attending to passengers medical needs now find themselves wearing the hats of therapist

security guard and undercover agent this last set of tasks pushing some as whitelegg shows out of the business altogether

flight attendants may live exciting and glamorous lives but only ten out of every 1 000 applicants get hired author tim kirkwood applies his 23 years of flight attendant experience to reveal the inside scoop on the ins and outs of this unique process book jacket

traveling the world receiving amazing discounts on hotels and flights meeting new people and living life in the fast lane what s not to love about being a flight attendant but wait here s going to be more to your flight attendant career than all the glitz and glamour you may see and hear about in this e book guide you ll learn everything you need to know about beginning a successful career as a flight attendant you ll also get a clear understanding of what s required to become one are you ready to learn more about becoming a flight attendant and decide if it s the right career for you let s begin

a flight attendant s essential guide is written for airline executives university lecturers who specialize in the airline industry and for undergraduate students preparing for a career as a flight attendant those working in passenger aircraft airport as well as general communications at an airport or aircraft can benefit from this book though a thorough understanding the responsibilities of flight attendants this textbook primarily focuses on the passenger aspect of in flight service including operations and communication skills and how flight attendants interact with passengers at each phase of a flight

introduces the career of flight attendant discussing educational requirements duties work environment salary employment outlook and possible future positions

the author writes on the unsafe practices by commercial airlines and tells of poor treatment of employees

a history of the stewardess now known as flight attendant includes hundred of photographs color reproductions of airline advertisements and anecdotes from the 1930s to today

turbulent skies is an intimate portrait of the authors professional life over a period of nearly four decades it describes from an insiders perspective the thrill of being in one of the most exciting career fields for women in the 1960s and 1970s an airline stewardess it captures in a unique way the fun and glamour of a way of life which the author has dubbed the wave a wave of freedom and excitement that carried those lucky enough to be chosen for this profession forward through the years but times change and the author poignantly chronicles the toll of time as business realities forced changes in the airline industry and transitioned the job from what it was to what it is today she further captures the national tragedy that occurred on september 11 2001 and details the impact that terrible day had on the industry most directly affected by the events she offers a deeply moving personal tribute to the flight crew heroes on those tragic united and american flights the years following 9 11 01 saw crisis after crisis in the airline industry which eventually resulted in a chapter 11 bankruptcy for united air lines one of the worlds largest commercial airlines the difficulties brought on by the changing business times are chronicled in the lives and attitudes of those who labored in an industry fighting for survival the author dissects her own physical and emotional agony over the course of the next two years that culminated in a premature retirement from the airline an action driven by a combination of physical ailments a deteriorating work environment an adversarial relationship

between labor and management and a concerted effort by the leadership of the bankrupt airline to drive out senior employees to achieve cost savings she chronicles in a very personal way the process she went through in coming to grips with this agonizing decision regarding the future and how she dealt with the significant life transition she subsequently endured the book is written as a series of intimate personal thoughts and short stories which span nearly 40 years readers will find themselves experiencing a range of emotions as they move through the episodes and thoughts in this book at times they will be amused while at others they will be deeply moved the book concludes with a series of perspectives on the current business environment and offers insights for corporate management about how front line workers perceive their lives their jobs and the choices their management made for them regrettable choices that airline workers are paying for even today it also offers suggestions to management on how things need to be improved for the future while this book is written about the airline industry it captures the emotional stress and frustration of many american workers in the depressed economy that followed the events of september 2001 her insights will resonate with readers in a variety of professional fields

guides you through the entire cabin crew selection process to ensure the highest probability of getting the job every aspect is described in detail complete with numerous examples page 4 of cover

this step by step guide will show you how to successfully navigate your way into the competitive career of a flight attendant from how to set up your resume to how to take an interview sky high careers details the essential four elements you must have to begin your airline career today flight attendant career coach carlin laviolet shows you all about the flight attendant job including compensation and benefits the 9 flight attendant qualities that all airlines look for and shares her secrets on how to get a job offer
