this volume examines the nature and role of democratic citizenship the conditions necessary for its development and its relationship to the key institutions of the state comparing and contrasting the patterns of political development and practice in established democracies with those states that have experienced democratic breakdown the author aims to contribute to our understanding of the political conditions that sustain liberal democracy this book contains two parts which have a broad theme in common the aim in part one is to contribute to the debate on democracy s preconditions drawing on a broad range of theories the author specifies certain societal and institutional traits which can serve to further democracy democratic development in africa latin america and india then is compared the conclusion is that democracy is not the product

of social and economic forces first of all to a yet greater extent it is the consequence of prevailing institutional conditions i e the nature of the state the historical development of state structures is the object of analysis in part two the focus is mainly on europe the prospects for democracy in modern times have been greatly affected the author maintain by varying paths of institutional development moreover the differing modes of state have displayed a variable capacity for governance and economic development the evolution of state structures thus has consequences across broad areas of political and social life

democracies are transforming worldwide but at the same time political inequality is increasing this development threatens to leave growing portions of mass publics effectively outside the political process this volume brings together leading authorities in the field of democratic citizenship and participation to address pertinent questions concerning the quality of the democratic political process at the beginning of the twenty first century analysing causes and consequences of recent developments in democratic governance and citizenship it contributes new and original research to the ongoing debate on the crisis of representative democracy the contributors deal with a broad range of issues including aspects of democratic citizenship and citizens perceptions of system performance political inequality and the democratic impact of participatory innovations this book will be of key interest to scholars and students in democratization studies democratic citizenship comparative politics political sociology and political participation

mobilizing for democracy is an in depth study into how ordinary citizens and their organizations mobilize to deepen democracy featuring a collection of new empirical case studies from angola bangladesh brazil india kenya nigeria and south africa this important new book illustrates how forms of political mobilization such as protests social participation activism litigation and lobbying engage with the formal institutions of representative democracy in ways that are core to the development of democratic politics no other volume has brought together examples from such a broad southern spectrum and covering such a diversity of actors rural and urban dwellers transnational activists religious groups politicians and social leaders the cases illuminate the crucial contribution that citizen mobilization makes to democratization and the building of state institutions and reflect the uneasy relationship between citizens and the institutions that are designed to foster their political participation

this book uses international collaboration between nine european countries to explore how teacher education systems across europe perceive and act upon devolving democracy and democratic citizenship understanding these countries cultural approaches to individual and national priorities in education is essential in perceiving

similarities and differences in the meaning of democracy the book offers debate on the prospects for teacher education and the development of democratic citizenship in europe based on historical political economic and cultural contexts and the council of europe s coe competences for democratic citizenship with critical analysis and evaluation around the common theme of teacher education and its role in developing democratic citizenship the book provides awareness and understanding of how teacher education responds to the council of europe s coe conceptual model of competences for democratic culture 20 competences categorized as values attitudes skills and knowledge and critical understanding are defined so they can be taught to enable learners to practice them in their daily lives as democratic citizens this book will be of key interest to academics researchers and post graduate students in the fields of teacher education educational policy and politics and citizenship education

as we move forward well into the 21st century most citizens around the globe seemingly accept the rudiments of a democratic citizenship and yet in spite of this broad acceptance a clear articulation of what democratic citizenship entails remains somewhat elusive in this book hyslop margison and thayer achieve two critically important objectives in response to this problem first they successfully articulate the threat to democracy posed by current citizenship education programs that adopt a largely instrumental framework fostering passivity and compliance by protecting the established parameters of neo liberal social design second they show a way out of this anti democratic trap by illustrating how critical theory with its marvelous ability to provide trenchant critiques of capitalism and turn those critiques into concrete political action provides the ideal pedagogical approach to educate our students effectively as future democratic citizens the authors critique the conditions of modern democratic citizenship and distinguish a robust or thick version of citizenship based on citizen agency and participation in the construction of social reality from contemporary models that undermine citizen engagement they contend that it is only through critical theory and the political agency it inspires that meaningful democratic change can and must occur hence the role of education in their view is not merely to prepare students for a new economic reality but to prepare them instead to shape that reality in more progressive and socially just ways this book eloquently argues that the citizenship mission of schools ought to teach students what is possible rather than simply objectifying them as human capital being prepared for the inevitable impact of the policies determined by others

turbulent times challenge democratic politics and governance in western countries party systems in many instances have failed to produce solutions to vital policy problems like immigration state borders welfare or environmental issues while subjective perceptions of macroeconomic outcomes are consistently related to political trust at the
