featuring a foreword by congressman glen browder
politics on a human scale examines political decentralization in the united states from the founding of the republic to the present
part of the desirable equilibrium is a sense of proportionality
some sizes some amounts some levels are more appropriate than others
decentralism is the best political tool to ensure equilibrium to promote proportionality and to obtain appropriate scale
power distribution should be as wide as possible
government functions should be as close to the people as practicable
in this way individual human beings are not swallowed by a monstrous leviathan
persons are not at the mercy of an impersonal bureaucracy led by the far away few
decentralism gives us politics on a human scale
it gives us more democracy within the framework of a republic
the longest chapters in the book deal with crucial

turning points in u s history specifically when decentralists lost the upper hand in the two major political parties decentralism in our nation runs deep both intellectually and historically it also has considerable popular support yet today it is a virtual political orphan in washington neither major political party is serious about dispersing power to lower levels of government or to the people themselves still there are dissident politicians and political movements that remain committed to the decentralist principle power needs to be held in check partly through decentralization because power holds a great and dangerous attraction for humans recognition of this human tendency is the first step in guarding against it and getting back on a better path

presents a comprehensive textbook for undergraduate students on the constitutional governmental political social and economic structures and processes

this comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the white house and on the institution of the u s presidency readers turn guide to the presidency and the executive branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president s relationship with congress and the supreme court the fifth edition of this acclaimed reference completes coverage of the george w bush presidency the 2008 election and the first 3 years of the presidency of barack obama this includes coverage of their handling of the economic crisis wars abroad and obama s healthcare initiatives the work is divided into eight distinct subject areas covering every aspect of the u s presidency and all chapters in each subject area have been revised and updated origins and development of the presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings selection and removal of the president including the electoral process a chronology of presidential elections removal of the president and vice president and succession powers of the presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist the president the public and the parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups the presidency and the executive branch including the white house office the office of the vice president supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites chief executive and federal government including the president and congress the president and the supreme court and the president and the bureaucracy presidents their families and life in the white house and beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency biographies of the presidents vice presidents first ladies this new volume also features more than 200 textboxes tables and figures major revisions cover the supporting white house organizations and the president s role as chief economist additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

judicial decisions are influenced by myriad political factors from lawyers and interest groups to the shifting sentiments of public opinion to the

ideological and behavioral inclinations of the justices authors lee epstein and thomas g walker show how these dynamics shape the development of constitutional doctrine known for fastidious revising and streamlining the authors incorporate the latest scholarship in the fields of both political science and legal studies and offer rock solid analysis of both classic and contemporary landmark cases including key opinions handed down through the 2015 session filled with supporting material photographs of the litigants sidebars comparing the u s with other nations and aftermath boxes that tell the stories of the parties lives after the supreme court has acted the text encourages greater student engagement with the material and a more complete understanding of the american constitution

issues like covid 19 black lives matter police brutality trade wars and cyberattacks add to the complexity of the u s political system schmidt shelley bardes american government and politics today enhanced brief 11th edition helps you make sense of it all while learning to be an informed citizen and active participant in the political process a colorful design and current political news and analysis make this an ideal resource to explain fundamentals of the u s government and its intricate political system and how they impact your life now and in the future extremely reader friendly the book has been praised for its brevity balanced coverage and clarity digital course solutions mindtap and infuse are available

how major political issues in the past were resolved has had a lasting impact on american society so will the ways in which some of today s important issues are resolved readers of this text will learn about these issues and the government institutions and processes that have framed their outcomes students will come to understand that politics is not an abstract process but a very human enterprise on involving interaction among individuals from all walks of life they will be encouraged to think critically about issues facing american government and society today the authors have included the latest presidential congressional and state elections from november 1996 pref

this all encompassing encyclopedia provides a broad perspective on u s politics culture and society but also goes beyond the facts to consider the myths ideals and values that help shape and define the nation demonstrating that political culture is equally rooted in public events internal debates and historical experiences this unique three volume encyclopedia examines an exceptionally broad range of factors shaping modern american politics including popular belief political action and the institutions of power and authority readers will see how political culture is shaped by the attitudes opinions and behaviors of americans and how it affects those things in return the set also addresses the issue of american exceptionalism and examines the nation s place in the world both historically and in the 21st century essays cover pressing matters like congressional gridlock energy policy abortion politics campaign finance supreme court rulings immigration crime and punishment and globalization social and cultural issues such as religion war inequality and privacy rights are discussed as well perhaps most intriguingly the encyclopedia surveys the fierce ongoing debate between different political camps over the nation s historical development its present identity and its future course by exploring both fact and mythology the work will enable students to form a broad yet nuanced understanding of the full range of forces and issues affecting and affected by the political process

contents preface the electoral college how it works in contemporary presidential elections the electoral college method of electing the president and vice president and proposals for reform the election process in the united states electoral structure and representative government selected references presidential elections in the united states a primer general bibliography index
