ford motor company would not have survived the competition had it not been for an emphasis on results we must view education the same way the u s secretary of education declared in 2003 but is he right in this provocative new book larry cuban takes aim at the alluring cliché that schools should be more businesslike and shows that in its long history in business minded america no one has shown that a business model can be successfully applied to education in this straight talking book one of the most distinguished scholars in education charts the gilded age

beginnings of the influential view that american schools should be organized to meet the needs of american businesses and run according to principles of cost efficiency bottom line thinking and customer satisfaction not only are schools by their nature not businesslike cuban argues but the attempt to run them along business lines leads to dangerous over standardization of tests and of goals for our children why should we think that there is such a thing as one best school is college for all achievable or even desirable even if it were possible do we really want schools to operate as bootcamps for a workforce cuban suggests that the best business inspired improvement for american education would be more consistent and sustained on the job worker training tailored for the job to be done and business leaders encouragement and adoption of an ethic of civic engagement and public service

revised and updated to reflect the most recent act college entrance tests this manual presents a full length diagnostic test and four complete model acts all with questions answered and explained extensive subject reviews of the test s main sections cover english math reading and science reasoning additional practice exercises plus an overview of the act and test taking strategies make this a complete review essential for all students planning to take the act

concise and refreshingly balanced this history portrays fdr as he confronted crises of epic proportions during his record 12 year tenure as our nation s chief executive mcjimsey gives a fresh account of roosevelt s landmark administration and offers a new perspective on the new deal 12 photos

the twelve essays in this book several published here for the first time represent some of tony badger s best work in his ongoing examination of how white liberal southern politicians who came to prominence in the new deal and world war ii handled the race issue when it became central to politics in the 1950s and 1960s franklin roosevelt in the 1930s thought a new generation of southerners would wrestle congress back from the conservatives the supreme court thought that responsible southern leaders would lead their communities to general school desegregation after the brown decision john f kennedy believed that moderate southern leaders would with government support facilitate peaceful racial change badger s writings demonstrate how all of these hopes were misplaced badger shows time and time again that moderates did not control southern politics southern liberal politicians for the most part were paralyzed by their fear that ordinary southerners were all too aroused by the threat of integration and were reluctant to offer a coherent alternative to the conservative strategy of resistance

chief among its contents we find abstracts of land grants court records conveyances births deaths marriages wills petitions military records including a list of north carolina officers and soldiers of the continental line 1775 1782 licenses and oaths the abstracts derive from records now located in the state archives and from the public records of the following present day counties of the old albemarle region beaufort bertie camden chowan currituck dare gates halifax hyde martin northampton pasquotank perquimans tyrrell and washington and the virginia counties of surry and isle of wight

includes part 1 number 2 books and pamphlets including serials and contributions to periodicals july december

more and more states require students to pass large scale tests as a condition of promotion or graduation what forces have pushed high stakes testing to the forefront of educational policy are such tests the best way to gauge educational attainment this book examines the economic and educational assumptions underlying the call for high stakes tests
