the bottom line message of this book is democracy resurgent but not triumphant there are any number of conceivable anti democratic threats and no prospect of ever achieving either a satisfactory or a permanent level of democracy in all countries and societies any lowering of the guard by democracy s defenders in academia or real world politics risks the danger of democracy once again falling upon hard times or even regressing

turkish economy at the crossroads facing the challenges ahead is an exciting new volume of articles from prominent experts edited by two distinguished economists despite its international stature and its diversified open market economy the global literature on turkey is dispersed and sparse the book aims to remedy this shortcoming by providing readers interested in turkey with a balanced and up to date overview of the economy topics discussed include trends in long term political economy post 2001 macroeconomic policies tradable and non tradable sectors and their impact on income distribution capital flows and financial imbalances success and problems of structural transformation at the micro level characteristics of the labor markets with special emphasis on female employment turkey s long lasting but difficult relations with the european union and possible scenarios for the near future this unified approach permits to highlight and tackle effectively the challenges and risks turkey faces in the final and critical stage of transition to a modern developed society

the kalimantan forest partnership comes under the umbrella of the asia forest partnership afp it arose from a commitment made in 2002 at the world summit in johannesburg by the netherlands government to support the afp s efforts to promote sustainable forest management in kalimantan indonesia the kalimantan activities are promoting collaboration among various parties and stakeholders and linking improved forest governance in kalimantan to international trade in asia and europe this report details the lessons learned from the collaborative activities in kalimantan it also examines the current state of forest governance in indonesia the conversion of forest lands and how international markets might influence indonesia and kalimantan s forestry sector the report also looks at the kalimantan forest partnership s response to regional problems overviews its successes and analyzes its capacity building initiatives the report also offers several recommendations for helping to ensure the partnership achieves its stated goal of improved forest governance and sustainable forest management

navigating the ai abyss unveiling the challenges faced by indian students in the era of artificial intelligence in education

we are on the verge of a true crisis of civilisation ecological disruption chronic dissatisfaction of the basic needs of a large part

of humanity and degrading physical and mental health in industrialised countries we must address the crisis s main cause the pursuit of a development approach focused on economic growth and based on intensive inefficient use of natural resources this book is a call for humanity to look itself in the mirror question its identity as a species and re examine its place in this world

state governments in the past decade have had to take on the problem of health care with mixed results this collection of 11 essays of which two are an introduction and conclusion by academics and policy makers consider the many issues that concern health care in the us and their effects at the state level including managed care health insurance expansion mental health care public health administration and bureaucratic reactions to health policy hackey teaches health policy and management at providence college in rhode island rochefort teaches political science and public administration at northeastern u in boston c book news inc

proceedings of the international workshop on the challenge of rebuilding afghanistan held at islamabad during 2 3 march 2005

this publication is one of a series of oecd country reports which review the main barriers to employment for older people and make policy recommendations for further action in the light of population ageing trends it focuses on the situation in the netherlands where although population ageing is occurring less rapidly than in most other oecd countries the old age dependency ratio is projected to rise to 40 per cent by 2050
