this volume contains studies based on papers delivered at the international conference of the peshat in context project entitled themes terminology and translation procedures in twelfth century jewish philosophy the central figure in this book is judah ibn tibbon he sired the ibn tibbon family of translators which influenced philosophical and scientific hebrew writing for centuries more broadly the study of this early phase of the hebrew translation movement also reveals that the formation of a standardized hebrew terminology was a long process that was never fully completed terminological

shifts are frequent even within the tibbonide family to say nothing of the fascinating terminological diversity displayed by other authors and translators discussed in this book
