account would allow none of them has previously received serious editorial treatment for the most part they have also been ignored or lightly passed over by critics and biographers and such discussion as they have aroused has frequently been based on false assumptions this edition remedies some of these deficiencies in hardy scholarship both in its historical introductions and in its critically edited texts which are based on full collations of all editions published before hardy's death and all surviving manuscripts typescripts and proofs many of which have gone almost entirely unexamined in the past complete lists of the variants in these pre publication witnesses and in all authorially authorized printings supplement the edited texts
