introduction to systemic functional linguistics explores the social semiotic approach to language most closely associated with the work of michael halliday and his colleagues

critical reading and writing is a fully introductory interactive textbook that explores the power relations at work in and behind the texts we encounter in our everyday lives using examples from numerous genres such as popular fiction advertisements and newspapers this textbook examines the language choices a writer must make in structuring texts representing the world and positioning the reader assuming no prior knowledge of linguistics critical reading and writing offers guidance on how to read texts critically and how to develop effective writing skills features include activities in analysis writing and rewriting an appendix of comments on activities further reading sections at the end of each unit a glossary of linguistics terms suggestions for five extended writing projects written by

an experienced teacher critical reading and writing has multidisciplinary appeal but will be particularly relevant for use on introductory english and communications courses

m a k halliday s work has been hugely influential in linguistics and beyond since the 1960s this is a collection of interviews with key figures in the generation of social semioticians who have taken halliday s concept of social semiotics and developed it further in various directions making their own original contributions to theory and practice this book highlights their main lines of thought and considers how they relate to both the original concept of social semiotics and to each other key themes include linguistic studies multilingualism and evolution of language text discourse and classroom studies digital texts computer communication and science teaching multimodal text and discourse analysis education and literacy media work and visual and audio modes critical discourse analysis featuring interviews with leading figures from linguistics education and communication studies a framing introduction and concluding chapter summing up commonalities and differences connections and conflicts and key themes this is essential reading for any scholar or student working in the area of social semiotics and systemic functional linguistics additional video resources are available on the routledge website featuring christian m i m matthiessen theo van leeuwen james r martin jay lemke gunther kress

we rarely think about the way languages work because communicating in our native tongue comes so naturally to us the bible was written in ancient hebrew aramaic and greek languages no modern reader can claim to have a native understanding of a better understanding of how language works should help us understand the bible better as we seek to discern the original intent and meaning of each biblical author in this book you will get a basic introduction to the field of linguistics its history its key concepts its major schools of thought and how its insights can shed light on various problems in biblical hebrew and greek numerous examples illustrate linguistic concepts and technical terminology is clearly defined learn how the study of language can enhance your bible study

this volume examines the relationship between language and literacy from a systemic functional perspective the book starts with a retrospective view on the development of language education practices written by eminent linguistics michael halliday and ruqaiya hasan and then shows how this approach is implemented today the second section presents a detailed analysis of how considerations of literacy education are approached in educational systems around the world the contributors examine issues such as metadiscourse genre cultural politics and how systemic functional grammar can help to raise literacy standards the final section looks at literacy in more specific disciplines including history literature science and student writing the essays collected here present a comprehensive analysis of language and literacy from a systemic functional perspective written by academics at the forefront of the field it will be of interest to researchers in systemic functional linguistics or language and education

this short book is intended for two groups of readers and so is two books in one first it is a genuinely introductory introduction to systemic functional grammar sfg for the 21st century but this is also a book for experienced linguists who are interested in a scholarly comparison of the two main current versions of sfg the sydney grammar and the cardiff grammar e g teachers of the first group of readers

this study critically examines the current state of synoptic gospel studies particularly many scholars reliance on the literary dependence hypothesis and endeavors to advance a more balanced approach the author attempts to deduce the synoptic gospels construction process by meticulously examining the eucharist and its co text within these gospels by employing a model of mode register analysis based on systemic functional linguistics this study uncovers the probability that each designated text in the synoptic gospels was constructed based on oral gospel tradition s under the influence of each constructor s identity

a new reading strategy for the thanksgiving hymns hasselbalch asserts that current theories about the social background of thanksgiving hymns are unable to explain its heterogeneous character instead the author suggests a reading strategy that leaves presumptions about the underlying social contexts aside to instead consider the collection s hybridity as a clue to understanding the collection as a whole features systemic functional linguistics applied to four hoyot analysis that highlights the role of a mediator in the agency of god an approach that highlights the unity of the collection

what are the structures of discourse and what are the functions of these structures in the communicative context this volume explains how and why discourse is organized at various levels the multidisciplinary contributions illustrate that discourse analysis goes far beyond the linguistic answer of designing grammars and goes hand in hand with the study of their uses and functions in the social context comprehensive and accessible the volume covers a huge variety of discourse genres including written and spoken and storytelling and argumentation the chapters also illustrate the necessity to examine the mental processes of the language users how do people go about producing understanding and remembering text or talk

this book showcases interviews with nine women who have made pioneering contributions to social semiotics and systemic functional linguistics sfl highlighting how these women have taken the discipline into new and innovative directions and the enduring impact of their work the volume features interviews with a generation of scholars inspired by the prominent linguists michael halliday and ruqaiya hasan in sydney reflecting on their achievements in the advancement of theory knowledge and practical application as well as the establishment of research centers in different parts of the world a consistent interview format helps to illustrate the different directions the work of these scholars has taken and their different takes on key concepts to the discipline such as register genre text and context and multimodality taken together the interviews offer insights into key strands of social semiotic and sfl scholarship and give inspiration toward moving the field into new theoretical and applied directions reflecting on the groundbreaking work of renowned women scholars in social semiotics and sfl and their continued global impact this book will be key reading for students and scholars in these fields as well as those in the areas of language pedagogy literacy and multimodality

this book offers a how to guide to conducting research in discourse analysis organised around different approaches to discourse analysis and working with different types of discourse data the book will help students answer questions such as which approach should i take what kind of data should i analyse and how do i set about collecting it what consideration should i give to ethics how do i make my analyses systematic and rigorous how do i report my findings both qualitative and quantitative corpus based and

experimental methods are covered illustrated with far ranging detailed and original case studies each chapter follows a consistent format that takes readers step by step through the research process from design to implementation and presentation chapters can be read independently of one another this is the ideal companion for any student undertaking research in discourse analysis within english language linguistics applied linguistics and communication studies programmes
