- 2 The transition from Latin to English occurred in the Middle English period around the 14th century The word *autumn* first appeared in English literature in the 14th century replacing the older AngloSaxon term *hrfest*
- 3 *Hrfest* was a more descriptive term literally meaning harvest season highlighting the agricultural importance of this time of year However *autumn* eventually gained dominance due to its more elegant and evocative sound

- 3 Autumn is often used as a synonym for *fall* although the two words carry slightly different connotations While *fall* emphasizes the season of falling leaves *autumn* evokes a broader sense of the seasons unique character including its cooler temperatures changing colors and harvest festivals
