a lively story as delectable as a five pound box of chocolates a thoroughly engaging chronicle of friendship and the

substantive place it holds in women's lives. Anne D. LeClair, author of *Leaving Eden*, the women of *Freesia Court* are convinced that there is nothing good. Coffee, delicious desserts, and a strong shoulder can't fix laughter; it is the glue that holds them together. The foundation of a book group they call *Angry Housewives Eating Bon Bons*, an unofficial club that becomes much more, it becomes a lifeline holding on through forty eventful years. There's Faith, a lonely mother of twins who harbors a terrible secret that has condemned her to living a lie. Big Beautiful Audrey, the resident sex queen who knows that with good posture and an attitude you can get away with anything. Merit, the doctor's shy wife with the face of an angel and the private hell of an abusive husband. Kari, a wise woman with a wonderful laugh who knows that the greatest gifts appear after life's fiercest storms and finally slip. A tiny spitfire of a woman who isn't afraid to look trouble straight in the eye. This stalwart group of friends depicts a special slice of American life: of stay-at-home days and new careers of children and grandchildren of bold beginnings and second chances in which the power of forgiveness, understanding, and the perfectly timed giggle fit is the CPR that mends broken hearts and shattered dreams. It is impossible not to get caught up in the lives of the book group members. Landvik's gift lies in bringing these familiar women to life with insight and humor. The *Denver Post* a guilty pleasure. This light snappy read may be Landvik's best yet. *Midwest Living*.

From early adolescence, I had committed myself to joining the seemingly growing legions of women pumping their fists with a can-do spirit and a perfect balance of career and family. I fancied myself a textbook candidate for the League of Female Marvels until the narcolepsy and nausea set in and I chickened out, sacrificing a few rungs on the corporate ladder to stay home and be a full-time mom. FTM surely would prove a noble not to mention more orderly move and think of all the discretionary time and energy. Cue laughter. Except within those rare close-knit and blackmail-toting friendships, the more maddening yet equally funny stories of motherhood are seldom shared. Until now. From sex to sippy cups, the stories contained herein are told with candor, albeit through the eyes of a woman with a slight flair for the dramatic. Still, you may find them to serve as a mirror, a memoir, or a medicine to your own life or that of any mom with whom you've ever lived. Occasionally sweet, always straight, the myth of the bonbons will strike a nerve with many women and the men who find a well-timed placement of it on their nightstands.

Through a series of focus group interviews and an analysis of the media and popular culture, *Mothers Work* examines the institution of motherhood and the arenas in which mothering occurs. Michellenapierski Pranci explores shared and divergent experiences, perspectives, lives, and challenges through the voices of experts on the topic of motherhood. The
