an absorbing account of the descendants of the ancient aztecs and of the survival of their culture into the twentieth century in the valley of mexico is presented in this fascinating volume focusing on san francisco tecospa a village of some eight hundred indians who still spoke nahuatl whose lives were dominated by supernaturalism and who observed with only slight modification much of their aztec heritage this story bears out the anthropological principle that innovations are most likely to be accepted when they are useful communicable and compatible with established tradition nowhere is the indian genius for combining the old and the new better exemplified than in the story of how the virgin of guadalupe came to fulfill the role formerly played by the

pagan goddess tonantzin and of how christian saints replaced the aztec gods at the time of this study the tecospans still called the catholic virgin tonantzin but their concept of the mother goddess had changed profoundly since aztec times tonantzin the pagan a hideous goddess with claws on her hands and feet and with snakes entwining her face wore a necklace of hearts hands and skulls to represent her insatiable appetite for corpses tonantzin the catholic also called guadalupe is a beautiful and benevolent mother deity who repeatedly stays god s anger against her mexican children and answers the prayers of the poorest indian with no thought of return in tecospa the road to social recognition lay in the performance of religious works and the neglect of ritual obligation subjected both the individual and the community to the anger of supernaturals who punished with illness or other misfortune religion was inextricably a part of every phase of life and it is the whole life of the aztecan that is recorded here fiesta clothing food agricultural practices courtship marriage pregnancy and childbirth death witchcraft and its cures medical practices and attitudes houses and home life ethics and the hot cold complex that classifies everything in the tecspan universe from god to bromo seltzer with a marked simplicity of style and language william madsen has produced a profoundly significant anthropological study that is delightful reading from the first sentence to the last the drawings the work of a ten year old tecspan lad are remarkable for their penetrating insight into the culture

auditing assurance services first south african edition combines a genuine international perspective with south african examples and coverage of the landmark changes within the south african auditing environment key features include south african content the authors weave regionally specific content and examples throughout the text and cover the changes to the regulatory and corporate governance environment in south africa international perspective professional practice and regulation all over the world is driven by international events and initiatives the clarified isas are fully integrated into the chapters with international real world cases used to illustrate concepts and application systematic approach the text gives students a deep understanding and working knowledge of fundamental auditing concepts and how they are applied the core foundation of the text and its focus on critical judgements and decision making processes prepare students for today s complex and dynamic audit environment student engagement a student friendly writing style and a variety of real life examples make the text easily accessible each chapter ends with a comprehensive variety of materials to apply and test students understanding of acquired knowledge

this volume consists of philological and literary studies written by the author between the years 1967 and 2005 pertaining to the elucidation and explication of various aspects of the narrative legal prophetic and wisdom genres of biblical literature with a major emphasis on the textual analysis of themes idioms terminology and lexemes with the aid of akkadian and ugaritic source material

this monograph describes a three part research project carried out between 1985 and 1991 the first stage was to develop criteria for identifying microscopic traces of manufacture and use on bone and antler tools through replicative experiments using tools from late prehistoric inuvialuit sites in the mackenzie delta northwest territories canada as models the second stage of the project involved applying the results of the experimental programme to a sample of archaeological tools from the mackenzie delta the third stage used the information derived from the analysis to reconstruct the design system for the manufacture and use of bone and antler tools among prehistoric inuvialuit craftspeople at gupuk in particular rates of identification for wear patterns were comparable to those achieved in lithic use wear analyses the general trends observed suggest that all the sites are part of a single design system indicating intensive interaction between mackenzie inuit groups
