the intelligent irony that resonates through the video and projection installations of american artist tony oursler results from a subtle combination of sound language and pop culture images these elements are thoroughly explored in this monograph the most extensive publication on oursler and his work his videos often employ a projected human face to create bizarre contemporary icons and fragmented narratives that speak to the dislocation caused by contemporary issues of sex violence and power tony oursler includes 180 illustrations from his video sculpture and mixed media works on paper as well as an extensive selection of the artist's own writings there are also two long conversations between oursler and the artists mike kelley and dan graham which testify to the long lasting mutual appreciation and collaboration between them this is a major new publication on the career of one of the most important american artists of the last two decades

the civil war is often credited with giving birth to the modern american state the demands of warfare led to the centralization of business and industry and to an unprecedented expansion of federal power but the civil war did more than that as melinda lawson shows it brought about a change in american national identity redefining the

relationship between the individual and the government though much has been written about the civil war and the making of the political and economic american nation this is the first comprehensive study of the role that the war played in the shaping of the cultural and ideological nation state in patriot fires lawson explains how when threatened by the rebellious south the north came together as a nation and mobilized its populace for war with no formal government office to rally citizens the job of defining the war in patriotic terms fell largely to private individuals or associations each with their own motives and methods lawson explores how these interpreters of the war helped instill in americans a new understanding of loyalty to country through efforts such as sanitary fairs to promote the welfare of soldiers the war bond drives of jay cooke and the establishment of union leagues northerners cultivated a new sense of patriotism rooted not just in the subjective american idea but in existing religious political and cultural values moreover democrats and republicans abolitionists and abraham lincoln created their own understandings of american patriotism and national identity raising debates over the meaning of the american idea to new heights examining speeches pamphlets pageants sermons and assemblies lawson shows how citizens and organizations constructed a new kind of nationalism based on a nation of americans rather than a union of states a european styled nationalism grounded in history and tradition and celebrating the preeminence of the nation state original in its insights and innovative in its approach patriot fires is an impressive work of cultural and intellectual history as america engages in new conflicts around the globe lawson shows us that issues addressed by nation builders of the nineteenth century are relevant once again as the meaning of patriotism continues to be explored

a leading political historian of antebellum america examines the hard fought three way presidential race of 1848 reveals how martin van buren and his free soil party challenged whigs and democrats by making slavery a key issue representing a harbinger of the change that was to come even though they only garnered 10 percent of the vote

article abstracts and citations of reviews and dissertations covering the united states and canada

a bancroft prize winning historian chronicles the modern history of impeachment and the shift in american politics

and constitutional culture revealed by its evolving interpretation and use
