bachelor thesis from the year 2020 in the subject english language and literature studies literature grade 1 5 university of leipzig language english abstract this paper examines the traces of j r r tolkien s work in today s fantasy literature it is an indisputable fact that the lord of the rings lotr is one of the most influential works of the 20th century and remains culturally relevant to this day today s fantasy literature and popular culture is so saturated and full of lotr s influence that it is difficult to imagine a culture without it even a person who has never read the original work or consumed any other adaptation of it will most likely recognise the names of frodo gollum and gandalf and any modern reader of fantasy literature and its branching genres like science fiction or horror will know tolkien s name yet it is not just the readers who were influenced by tolkien on the contrary following lotr s wake a whole array of authors began to write their own works featuring fantastical worlds filled with trolls wizards elves dwarves and the like most novels on today s fantasy best seller and classics lists such as george r r martin s song of ice and fire terry pratchett s discworld or ursula le guinn s earthsea chronicles to name just a select few share definite traces of tolkienesque elements and it can be argued that even those who actively dislike tolkien and his work and thus went on to create something decidedly different are still influenced by him even if in a spiteful sense so it is not a question of if there are traces of tolkien s work in today s fantasy literature but rather to what extent thus after explaining the chosen methodology and theoretical approach this paper will take to this subject there will be a section dedicated to a pre tolkien world and the state of literature at the time in an effort to fully understand the scope of tolkien s influence thereafter a quick summary of both works will be given to introduce still unfamiliar readers to the subject matter that will later be analysed in detail the next two chapters will deal with the analysis of all shared aspects and differences between the two works chosen before lastly presenting a conclusion of all findings and offering a final verdict on the state of modern fantasy literature
