in the world today there is a luciferian occult epistemological autocracy where ÒtruthÓ is allocated to a few luciferian elite scientism priests there is a self professed superiority amongst these hypnotized pseudo academics drunk on blind ambition and hell bent on creating a worldwide techno mystical technocracy in their eyes they should be the supreme rulers over all others in a sterile brave new world digitally manipulated and controlled tyranny where any sane and seasoned thinker would see inherent limitations to what mankind can know and perceive there are no such intrinsic limitations of empirical or epistemic reasoning within this cult of the luciferian elite this riveting book explains how this all happened why and what the chilling conclusion will be for mankind as it endures the one deception to rule them all

giants and gods is an in depth exploration of two fascinating and mysterious groups of beings that have captured the imagination of people for millennia the biblical nephilim and the apkallu deities of mesopotamia this book delves into the history and mythology surrounding these figures and examines their significance within both biblical and mesopotamian narratives in the bible the nephilim are described as the offspring of angels and human women and are believed to have been a race of giants who lived before the great flood the apkallu on the other hand were a group of seven divine beings in mesopotamian mythology who were said to have been sent to earth by the god enki to bring civilization to humanity throughout the book we explore the fascinating similarities and differences between these two groups examining the religious and cultural context in which they emerged and the ways in which they have been interpreted over time we examine the biblical narrative of the nephilim in detail including their origins their role in the great flood and their continued presence in jewish and christian tradition we also delve into the rich history and mythology surrounding the apkallu deities examining their importance within the broader context of mesopotamian religion and culture we explore the various texts and artifacts that reference the apkallu and examine the ways in which they have been depicted in art and literature overall giants and gods offers a fascinating journey through the ancient world exploring the intersection of religion mythology and history through the lens of two mysterious and intriguing groups of beings whether you are a scholar of ancient history and religion or simply someone with a deep interest in these fascinating figures this book is sure to provide a wealth of insight and knowledge

a thought provoking essay collection about how architecture and sickness are surprisingly interwoven from ancient greece to present day new york city illnesses wellness and architecture are inseparable medical professionals and architects have always been in a kind of dance often influencing one another though the dance is not always synchronized drawing from a wide range of historical and contemporary case studies from ancient greece to twentieth century india to present day new york city sick architecture highlights a topic that has shaped our lives from the very beginnings of architecture to the outbreak of the covid 19 pandemic and beyond sick architecture goes beyond the sicknesses recognized by the medical profession to ask what aspects of society may be ill in need of care or subject to pathologization similarly the book goes beyond physical buildings and cities to interrogate architecture s policy protocols and spatial logics its thirty five diverse essays explore moments in global history when shifting notions of health became vectors for the development of architectural practice and discourse as well as the reverse when architecture acted as a reservoir and vector for illness

during the civil war the us government abolished slavery without reimbursing enslavers diminishing the white south s wealth by nearly 50 percent after the confederacy s defeat white southerners demanded federal compensation for the financial value of formerly enslaved people and fought for other policies that would recognize abolition s costs during reconstruction as amanda laury kleintop shows their persistence eventually led to the creation of section 4 of the fourteenth amendment which abolished the right to profit from property in people surprisingly former confederates responded by using lost cause history making to obscure the fact that they had demanded financial redress in the first place the largely successful efforts of white southerners to erase this history continues to generate false understandings today kleintop draws from an impressive array of archival sources to uncover this lost history in doing so she demonstrates how this legal battle also undermined efforts by formerly enslaved people to receive reparations for themselves and their descendants a debate that persists in today s national dialogue

in the recent cultural heritage boom community based and national identity projects are intertwined with interest in cultural tourism and sites of the memory of enslavement questions of historical guilt and present responsibility have become a source of social conflict particularly in multicultural societies with an enslaving past this became apparent in the context of the black lives matter movement in 2020 when statues of enslavers and colonizers were toppled controversial debates about streets and places named after them re ignited and the european union apologized for slavery after the racist murder of george floyd related debates focus on museums on artworks acquired unjustly in societies under colonial rule the question of whether and how museums should narrate the hidden past of enslavement and colonialism including their own colonial origins with respect to narratives about presumed european supremacy and the need to establish new monuments for the enslaved their resistance and abolitionists of african descent in this volume we address this dissonant cultural heritage in europe with a strong focus on the tangible remains of enslavement in the atlantic space in the continent this may concern for instance the residences of royal noble and bourgeois enslavers charitable and cultural institutions universities banks and insurance companies financed by the traders and owners of enslaved africans merchants who dealt in sugar coffee and cotton and the owners of factories who profited from exports to the african and caribbean markets related to atlantic slavery

in erosion gina caison traces how american authors and photographers have grappled with soil erosion as a material reality that shapes narratives of identity belonging and environment examining canonical american texts and photography including john

steinbeck s the grapes of wrath octavia butler s parable series john audubon s louisiana writings and dorothea lange s migrant mother caison shows how concerns over erosion reveal anxieties of disappearance that are based in the legacies of settler colonialism soil loss not only occupies a complex metaphorical place in the narrative of american identity it becomes central to preserving the white settler colonial state through indigenous dispossession and erasure at the same time caison examines how indigenous texts and art such as lynn riggs s play green grow the lilacs karenne wood s poetry and monique verdin s photography challenge colonial narratives of the continent by outlining the material stakes of soil loss for their own communities from california to oklahoma to north carolina s outer banks caison ultimately demonstrates that concerns over erosion reverberate into issues of climate change land ownership indigenous sovereignty race and cultural and national identity
