advanced pre med studies course description semester 1 from surgery to vaccines man has made great strides in the field of medicine quality of life has improved dramatically in the last few decades alone and the future is bright but students must not forget that god provided humans with minds and resources to bring about these advances a biblical perspective of healing and the use of medicine provides the best foundation for treating diseases and injury in exploring the history of medicine author john hudson tiner reveals the spectacular discoveries that started with men and women who used their abilities to better mankind and give glory to god the fascinating history of medicine comes alive in this book providing students with a healthy dose of facts mini biographies and vintage illustrations it seems that a new and more terrible disease is touted on the news almost daily the spread of these scary diseases from bird flu to sars to aids is a cause for concern and leads to questions such as where did all these germs come from and how do they fit into a biblical world view what kind of function did these microbes have before the fall does antibiotic resistance in bacteria prove evolution how can something so small have such a huge deadly impact on the world around us professor alan gillen sheds light on these and many other questions in the genesis of germs he shows how these constantly mutating diseases are proof for devolution rather than evolution and how all of these germs fit into a biblical world view dr gillen shows how germs are symptomatic of the literal fall and curse of creation as a result of man s sin and the hope we have in the coming of jesus christ semester 2 body by design defines the basic anatomy and physiology in each of 11 body systems from a creationist viewpoint every chapter explores the wonder beauty and creation of the human body giving evidence for creation while exposing faulty evolutionist reasoning special explorations into each body system look closely at disease aspects current events and discoveries while profiling the classic and contemporary scientists and physicians who have made remarkable breakthroughs in studies of the different areas of the human body within building blocks in life science you will discover exceptional insights and clarity to patterns of order in living things including the promise of healing and new birth in christ study numerous ways to refute the evolutionary worldview that life simply evolved by chance over millions of years the evolutionary worldview can be found filtered through every topic at every age level in our society it has become the overwhelmingly accepted paradigm for the origins of life as taught in all secular institutions this dynamic education resource helps young people not only learn science from a biblical perspective but also helps them know how to defend their faith in the process

the vital resource for grading all assignments from the advanced pre med studies course which includes the fascinating history of medicine providing students with a healthy dose of facts mini biographies and vintage illustrations insight into how germs are symptomatic of the literal fall and curse of creation as a result of man s sin and the hope we have in the coming of jesus christ overview from surgery to vaccines man has made great strides in the field of medicine quality of life has improved dramatically in the last few decades alone and the future is bright but students

must not forget that god provided humans with minds and resources to bring about these advances a biblical perspective of healing and the use of medicine provides the best foundation for treating diseases and injury the evolutionary worldview can be found filtered through every topic at every age level in our society it has become the overwhelmingly accepted paradigm for the origins of life as taught in all secular institutions this dynamic course helps young people not only learn science from a biblical perspective but also helps them know how to defend their faith in the process features the calendar provides lesson planning with clear objectives and the worksheets and quizzes are all based on the materials provided for the course

course objectives students completing this course will explore the history of the church learn about the lives of courageous missionaries around the world understand the importance of spreading the gospel study current global missions needs acquire geographical knowledge vocabulary study having a good vocabulary is essential for students to be effective communicators thinkers and readers it is a skill that is applicable to any academic discipline including history students should be encouraged to look up words that they do not know when they encounter them while reading students will not do formal vocabulary activities in this course but a glossary has been provided for words that the students may find difficult or unfamiliar in the assigned reading upon encountering an unknown word the student should consult the glossary provided at the back of the teacher guide and or a dictionary students should also be aware that many of these words have multiple meanings it is important that students learn to use the context of these words in the text to help understand their meanings students are encouraged to maintain a list of these words and review them periodically throughout the course review could include writing the words and their definitions on index cards to use as flashcards having students create their own dictionaries or using the words in sentences this component of the course is entirely optional however and not built into the schedule using vintage books one of the books included in this course adventures in missionary heroism was originally published in the early 1900s there is real value in reading vintage books like this one these historical texts not only provide us with information but also insight into the attitudes and perceptions of people from that time it is important to remember that vintage books can express attitudes and use terminology that is no longer considered appropriate when students come across these moments in vintage books it is the perfect opportunity for them to have a discussion with their teacher about this material teachers and students can use this opportunity to analyze the differences in attitudes between now and then as well as to review biblical principles regarding issues like racism these conversations will provide students a context for understanding the attitudes expressed in the text as well as help them develop their own skills of discernment and critical thinking when it comes to materials they are reading

the vital resource that provides all assignments for the world s story volume 2 course which includes materials lists for each chapter oral and written narration prompts critical thinking questions copywork sketching map activities timeline exercises dig deeper research prompts and other fun projects review sections craft suggestions special project ideas art and architecture studies and answer keys overview students will learn all about medieval history and civilizations the course includes 28 chapters and 4 built in reviews making it easy to finish in one school year the activity pages include a variety of fun engaging assignments both oral and written narration are key elements of the course as well students are also encouraged to participate regularly in fun

research assignments further reading crafts and more features the calendar provides daily lessons with clear objectives and activities

this comprehensive guide offers a thorough presentation of the worksheet database and graphics functions in addition the revised text shows how to create and use macros string functions and many other sophisticated 1 2 3 features

for introductory computer courses in microsoft office 2003 or courses in computer concepts with a lab component for microsoft office 2003 applications master the how and why of office 2003 students master the how and why of performing tasks in office and gain a greater understanding of how to use the individual applications together to solve business problems
