writing at the state u presents a comprehensive empirical examination of writing
programs at 106 universities rather than using open survey calls and self reporting
emily isaacs uses statistical analysis to show the extent to which established
principles of writing instruction and administration have been implemented at state
comprehensive universities the ways in which writing at those institutions has
differed from writing at other institutions over time and how state institutions have
responded to major scholarly debates concerning first year composition and writing
program administration isaacs s findings are surprising state university writing
programs give lip service to important principles of writing research but many still
emphasize grammar instruction and a skills based approach classes continue to be
outsized faculty development is optional and orientation toward basic writing is
generally remedial as such she considers where a closer match between writing
research and writing instruction might help to expose and remedy these difficulties
and identifies strategies and areas where faculty or writing program administrators
are empowered to enact change unique in its wide scope and methodology writing at
the state u sheds much needed light on the true state of the writing discipline at
state universities and demonstrates the advantages of more frequent and rigorous
