an essential all in one guide to investment banking and valuation complete with downloadable

models this new edition reflects valuable contributions from nasdaq and the global law firm latham watkins llp plus access to the online valuation models and course the thoroughly revised third edition of investment banking valuation lbos m a and ipos book valuation models delivers the most current discussion of valuation and deal making fundamentals essential to the work of investment bankers private equity professionals hedge fund investors corporate lawyers executives and students drawing on over four decades of combined experience in investment banking and investing authors joshua rosenbaum and joshua pearl explain how to perform the valuation work and financial analysis at the core of wall street comparable companies precedent transactions dcf lbo m a analysis and now ipo analytics and valuation using a step by step how to approach for each methodology the authors build a chronological knowledge base and define key terms financial concepts and processes throughout the book now over 10 years after the release of the first edition the book is more relevant and topical than ever the book has sold over 250 000 copies and is used in over 200 universities globally it has become a go to resource for investment banks private equity investment firms and corporations undertaking m a transactions lbos ipos restructurings and investment decisions while the fundamentals haven't changed the environment must adapt to changing market developments and conditions as a result rosenbaum and pearl have updated their widely adopted book accordingly turning the latest edition into a unique and comprehensive training package the third edition includes six downloadable valuation model templates comparable companies analysis precedent transactions analysis discounted cash flow analysis leveraged buyout analysis m a analysis and ipo valuation available at wiley.com/go/investmentbanking3e

in 2020 the azerbaijan investment holding aih was established to professionalise and improve the governance and performance of azerbaijan's key state owned enterprises soes this review describes and assesses the corporate governance framework of aih and its portfolio companies against the oecd guidelines on corporate governance of state owned enterprises it makes recommendations to help the azerbaijani authorities reform their state owned sector and align the exercise of state ownership and the governance of soes with international best practices

very valuable for both policy makers and researchers professor athar hussain director development economics research programme sticerd the london school of economics and political science the really novel idea is to bring together the experience of three rather diverse countries and then to discuss eastern europe in the light of this experience state holding companies are likely to play a major role in eastern europe over the next ten years or more but very little has been written on them and few of the people advising the east europeans have any real knowledge about them professor robert rowthorn university of cambridge rich and substantial professor john toyne institute of development studies university of sussex most informative the conclusions are appropriately restrained well balanced and wise the emphasis on the differences between portfolio management and enterprise management is a distinction that east europe will eventually have to learn raymond vernon emeritus professor john f kennedy school of government harvard university large and poorly performing state owned enterprises pose a problem for countries attempting to move away from government controls towards more liberal economic environments privatization is an unproven solution which is proving difficult to

implement on a major scale intermediate solutions may therefore prove to be the way forward this book focuses on one of these the state holding company it first discusses the state holding company as a managerial form which permits decentralised public enterprise management and offers a framework for its analysis then drawing upon the experience of both developed and developing countries it examines the extent to which the indirect state ownership of public enterprises through holding companies can contribute to transition processes it shows that the experience of countries like Italy Egypt and Algeria has direct relevance for institutional structures evolving in the newly transforming countries of Eastern Europe which are struggling to find a balance between public enterprise ownership and efficiency
