foreword by larry rouch essay by rodolphe el khoury interview by michael speaks introduction by vito acconci

a survey of projects designed by andrew bromberg for aedas between 2002 and 2010

an in depth look at the dramatic architecture and design for the largest rail transportation hub in the world serving a high speed rail network that connects hong kong to major cities in china with its pioneering ecofriendly and socially sound design the is the first book to document the highly innovative terminal in hong kong completed in 2018 with a rare glimpse at all stages of plans design and construction located centrally in hong kong this is the largest below ground station in the world the high speed rail terminus station will connect hong kong to beijing with the largest rail network in history expected to strengthen the city s strategic position as the southern gateway of china west kowloon station enjoys a spectacular location with a panoramic view of the hong kong skyline but when bromberg s team entered the competition to design it they encountered a problem the station is mostly 100 feet belowground his solution was to ensure the station was civic minded and to create a large volume capped by a shell like dome that rises from the earth capturing daylight and sending it deep underground even as they stand on the subterranean concourse passengers can catch a glimpse of victoria peak and the city s tallest buildings in order to keep the space open and airy bromberg minimized the number of columns needed to support the vast atrium his team devised a system that branches out giving the organic appearance that complements the sweep of the station roof this book contains never before seen sketches models renderings drawings and all new photography of the building as well as an interview with the architect

this is a monograph on nearly a decades worth of work by andrew bromberg chief designer at the worlds largest privately

owned architecture firm aedas bromberg has become one of the most prolific and sought after designers in asia responsible for transforming areas of china and the middle east the projects span the entire asian continent and include the west kowloon cultural district the singapore cultural civic retail centre and the towers of arabia each project is profiled in copious photographs and supported by drawings plans and extensive captions

cross border architecture

the asian boom of the last decade created an unprecedeted arena for architectural adventure and immersion an environment in which andrew bromberg immersed himself and thrived aedas was at the epicenter of this ferment in part due to the furious energy and passion that bromberg brought to the firm when he joined in 2002 new architecture in the emerging world chronicles the diverse range of projects designed by andrew bromberg for aedas between 2002 and 2010

future of the past the historical events in the early centuries of the srivijaya kingdom that ruled over malay archipelago and the arrival of colonising nations afterwards are examples of the region s interlinked past it forged a historic root for cooperation within the countries in the region now under asean consideration about the region s past record is what strongly tugged our editorial team s thoughts history or we could say the past inevitably constructs the present and consequently our future as we asked some of the people in the architectural practice regarding the role of the past many hold that the past is an important aspect that we could learn from to live our present life archinesia bookgazine features built projects curated by our team among the projects we look at the use of traditional building materials in katamama hotel by andramatin and the house in cornwall garden by chang architects which belongs to a family of many generations can we take the past as something that
