as an obstacle to maturation in *días de perros* for example a triangular arrangement of coins in a cigar box elucidates the connection between individual lives and the social order or assemblage literary texts such as this one serve as collective assemblages of enunciation capable of exposing fixed images as powerful instruments of control *tristes ayes del guila mejicana* discovers fixed images among the icons of colonial spain's *exequias reales* used in this case to territorialize the evolving identity of indigenous peoples the territory that *pedraza*'s fiction best illuminates is in reality the image when images remain fixed or territorialized they uncannily infect the assemblages over which they exert influence placing emphasis on images that impact women *pedraza* in *anfiteatro* for example deconstructs *cat woman* which albeit a potentially subversive image in its early manifestations eventually ceases to empower the feminine lashing it rather to a burdensome stereotype territorialized the feminine must then break free from the image in order to discover representations more capable of illuminating present day challenges the phrase *dark assemblages* drawn from *deleuze* and *guattari*'s *a thousand plateaus* gestures toward societal stagnation as a decisive factor in individual evolvement gothic fiction represents an uneven landscape in that it tenders the possibility of a social critique yet equally well lends itself to the exclusion of specific identities and practices that society brands as anomalous *pedraza*'s gothic fiction is indeed subversive in that it offers readers original perceptions of modern day people and the assemblages dark or otherwise to which they belong
