entrepreneurs often struggle with many aspects of business planning and financing company growth creating a company vision recruiting leading and managing people as well as personal costs in lessons from the edge more than 50 business owners and entrepreneurs offer a wealth of real life stories in their own words that provide rare insights about keeping a company healthy and growing here is a unique collection of first

person accounts by entrepreneurs who describe their mistakes in business and the lessons they have learned as a result the stories cover a wide range of experiences from the trials and tribulations of partnerships to the loss of key customers theft finding and retaining employees and the personal cost of living on the edge the authors have drawn on interviews with more than 50 entrepreneurs all of whom are under 45 years of age and are founders or presidents of companies with revenues over 1 million and growing rapidly they volunteered to share their stories describing why they lost or almost lost their companies what they did wrong and the lessons they have learned their narratives are full of mistakes failure courage moments of realization and timely moves that saved the day every company owner will find these accounts insightful compelling and occasionally gut wrenching especially because most face similar challenges and live with the reality that they too could fall off the edge this instructive and inspiring book brims with lessons for all business owners about courage persistence and survival lessons from the edge is an essential read for both established and prospective entrepreneurs

within these covers are stories about a group of risk takers and adrenaline junkies who lived a life of stimulating and challenging activity it is a rollicking adventure account of men who chose awilderness avocation and lifestyle in lieu of comfort and leisure for their relaxation this is also a travelogue about much of the backcountry of this nation their journeys into these wilderness areas lasted over twenty years comprising some seventy expeditions into places like the everglades okefenokee swamp appalachian trail pesidential range and the desert of joshua tree learn about these locations and other backwoods areas primarily in the mountain states of colorado idaho new mexico montana utah and wyoming read about these unusual people and the physical trials they put their aging bodies through as they pursued their passion searching for refuge from their work and adventure in their lives to help calm their craving for fun and new experiences importantly they wanted to be explorers and to see what was over the horizon their interest level had no valley and no summit it was limitless they were not purists in the sense of following the conventional standards of roughing it in the wilderness instead they did it their way they were the real thing and enjoyed living on the edge not many people do there is humor philosophy lessons on field craft and dubious judgment noted in their journeys these should appeal to all readers with similar inclinations despite age or gender i am thankful to have been a member of this group and wish we could do it again we would try if we had the stamina
