this book explores the funerary culture in the netherlands through a mixture of photographs figures and case studies the nine chapters demonstrate the process of funeralising and ideas about death in the netherlands providing an overview of contemporary funerary practices and their changes over time

the central assumption that guides this book is that research and practice about learning at the workplace has recently lost its critical edge this book explores what has happened to workplace learning and organizational learning and studies what has replaced it in addition the book discusses to what extent there are reasons to revitalize it today themes such as innovation co creation and knowledge sharing seem to have become preferred and referred to as theoretical fields as well as fields of practice in several chapters of this book it is argued that the critical power of learning could be regained by starting a new discussion of how these new fields of practice can be substantiated by topics such as learning arrangements learning mechanisms and learning strategies hence the aim of this book is to both advance and recapture our knowledge of learning in today s increasingly complex world of work and organizing the contributions in this work do so by revisiting classic research on workplace and organizational learning and discussing how insights from this body of literature evokes new meaning it sets the stage for new agendas and rethinks current practices that are entangled in activities such as innovation co creation knowledge sharing or other currently widespread fields of practice

this text covers anti competitive agreements unilateral anti competitive practices and merger control within each section the law and penalties of competition law are discussed a comparison of pre clearance systems in merger control between europe and the uk is also covered
