this study looks at the complex relationship between postmodernism and the fantastic in contemporary British fiction and shows that a new type of the fantastic arises in postmodernism arguing against interpretations that view postmodernism as inherently

fantastic it seeks to define the postmodern fantastic as a narrative mode that is influenced by certain traits both of the traditional fantastic and of literary postmodernism but does not simply conflate both in the first theoretical part a number of theories of the fantastic and of postmodernism are used to set the fantastic apart from other non mimetic forms of literature and to create a model of the postmodern fantastic that postulates the totalisation of the fantastic in postmodernism in the second part of this study this model is applied to a number of contemporary british texts which are particularly susceptible to this form of the fantastic due to several characteristics such as their muted kind of postmodernism and their frequent construction of parallel worlds the analysis of these texts focuses on four thematic fields of the postmodern fantastic the figure of the other as defined by bernhard waldenfels time and history text and textuality and the development of the todorovian pure fantastic finally the question of the death of the fantastic in postmodernism is examined

the term modernism is central to any discussion of twentieth century literature and critical theory astradur eysteinsson here maintains that the concept of modernism does not emerge directly from the literature it subsumes but is in fact a product of critical practices relating to nontraditional literature intervening in these practices and correlating them with modernist works and with modern literary theory eysteinsson undertakes a comprehensive reexamination of the idea of modernism eysteinsson critically explores various manifestations of modernism in a rich array of american british and european literature criticism and theory he first examines many modernist paradigms detecting in them a conflict between modernism s culturally subversive potential and its relatively conservative status as a formalist project he then considers these paradigms as interpretations and fabrications of literary history seen in this light modernism both signals a historical change on the literary scene and implies the context of that change laden with the implications of tradition and modernity modernism fills its major function that of highlighting and defining the complex relations between history and postrealist literature eysteinsson focuses on the ways in which the concept of modernism directs our understanding of literature and literary history and influences our judgment of experimental and postrealist works in literature and art he discusses in detail the relation of modernism to the key concepts postmodernism the avant garde and realism enacting a crisis of subject and reference modernism is not so much a form of discourse he asserts as its interruption a possible other modernity that reveals critical aspects of our social and linguistic experience in western culture comparatists literary theorists cultural historians and others interested in twentieth century literature and art will profit from this provocative book

postmodernism became the buzzword of contemporary society in the 1990s yet even now it still remains confusing and baffling in its variety of definitions contexts and associations beginning postmodernism aims to offer clear accessible and step by step introductions to postmodernism across a wide range of subjects it encourages readers to explore how the debates about postmodernism have emerged from basic philosophical and cultural ideas and to develop comparative connections and ideas from one area to another with its emphasis firmly on postmodernism in practice the book contains questions designed to help readers understand and reflect upon a variety of positions within the following areas of

contemporary culture philosophy and cultural theory architecture and concepts of space visual art sculpture and material culture popular culture and music film video and television and the social sciences

this 2nd edition of postmodernist culture considers the work of lyotard and jameson and the way modern theories are impinging on more areas of culture including the law music dance ecology technology ethnography and spatial theories
