addresses the cultural conditions under which artisan work provides a feasible income alternative to other employment options offers a methodology for assessing the socio economic impacts of fair trade artisan work after agriculture and tourism artisan work provides the next most significant source of income in many developing countries yet because of its image as a soft or frivolous industry some politicians and development professionals question whether the handcraft sector is worthy of investment an opposing view holds that the creation of sustainable employment opportunities for poor people and a positive alternative to mass production outweighs the costs until now the debate has been hampered by a lack of industry data the apparel group marketplace handwork of india serves as the perfect case study to provide this missing information like many fair trade companies it has dual goals to generate income in the global marketplace and foster the empowerment of the low income workers who run and staff the business in conducting interviews with marketplace s artisans managers and founders littrell and dickson produced an in depth socio economic audit of the group over time the result artisans and fair trade provides a quantitatively and qualitatively illuminating study of fair trade impacts and a methodology that is sure to inform current assessment practices in social entrepreneurship and business social responsibility

the handbook is an invaluable resource for students and scholars providing a comprehensive and innovative overview of the field of fashion studies the outstanding scholarly articles point the way forward for research thematically structured and accessibly written the work illustrates the potential of interdisciplinary fashion research

this book responds to the need to explore the multitude of interconnected factors causing displacements that compel people to move within their homelands or traverse various borders in the contemporary world that is characterised by extensive and rapid movements of people it addresses this need by bringing together historical and contemporary accounts and critical examinations of the displaced by articulating the commonalities in their lived experiences it accomplishes the task of charting a new path in displacement studies by offering a number of studies from interdisciplinary and diverse methodological approaches comprising ethnographic and qualitative research and literary interpretations to emphasise that although the forms and conditions of mobility are highly divergent individual experiences of displacement and placelessness offer a critical challenge to the artificial categorisations of people s movements each chapter adds insights into the different configurations of displacement and placement and offers fresh interpretations of migration and dislocation in today s rapidly changing world the contributors critically examine a variety of displacement processes and experiences in the context of war tourism neoliberal policies of development and the impact of various agro forestry policies they focus on a range of countries enabling a

thorough comparative analysis in terms of scope and range of examples and methods of analysis this book makes an original contribution to the growing body of literature on displacement and will appeal to a wide readership including advanced undergraduates and graduate students and professors in disciplines such as human geography development studies sociology and anthropology regional studies and comparative impact assessment
