from the neolithic to the avant garde and through all the brilliant centuries in between michael sullivan s introduction to chinese art history is the classic in its field unsurpassed in its clarity balance and sure grasp of the subject whether for the classroom student or the casual reader its remarkable range and elegant style make this book a wonderful way for anyone to begin learning about chinese art jerome silbergeld princeton university i have used sullivan s arts of china in my class for thirty years no other historian of chinese art today commands such a wide range of knowledge as michael sullivan richard barnhart yale university editor of three thousand years of chinese painting after more than forty years since its first publication michael sullivan s arts of china now in its fifth edition remains the most concise yet most comprehensive introduction to the history of chinese art to students and the public wu hung harrie a vanderstappen distinguished service professor university of chicago michael sullivan is the acknowledged dean of modern chinese art studies and any work bearing his name guarantees both a high level of quality and a wide readership maxwell k hearn metropolitan museum of art

this book aims at china s economic and social development which has embarked on a new journey it collects more than 20 major research achievements of researchers in relevant fields of the chinese academy of social sciences these topics cover rural revitalization and anti poverty industrialization and manufacturing transformation service industry upgrading fiscal and taxation system and fiscal sustainability major financial reform industry and competition policy ownership structure new pattern of opening up digital economy innovation driven financial stability macro control new urbanization regional development ecological environment aging population labor market income distribution social governance people s livelihood social security the

rule of law cultural power and other major issues this book helps people from all walks of life better understand and grasp the new trends opportunities and challenges of china s economic and social development in the future and provides useful reference for thinking about china s medium and long term development strategy and development path

this volume analyzes the new leadership s perceptions of the challenges facing it how it defines its priorities builds up political support for its policy programmes and overcomes the resistance of vested interests attempts will also be made to evaluate its achievements so far published by city university of hong kong press

this book seeks to challenge the way in which china and chinese ness is generally understood privileged on a central tradition a core culture that tends to marginalise or peripheralise anything or anyone who does not fit that essential core the hui muslim chinese discussed in this volume demonstrate that one can be an integral part of chinese society and yet challenge many of our assumptions about that society itself for that reason they and other so called minority ethnics have generally been ignored by western scholarship

ying zhu and stanley rosen have brought together some of the leading scholars and critics of chinese cinema to rethink the political mutations market manifestations and artistic innovations that have punctuated a century of chinese screen memories from animation to documentary history of the industry to cinematic attempts to recreate history propaganda to piracy the influx of hollywood imports to chinese style blockbusters art politics and commerce in chinese cinema presents a fresh set of critical approaches to the field that should be required reading for scholars students and anyone interested in the past present and future of one of the most vibrant and dynamic film industries in the world michael berry author jia zhangke s hometown trilogy and a history of pain an excellent collection of articles that together offer a superb introduction to contemporary chinese film studies richard pena program director film society of lincoln center this is one of the most important comprehensive

and profoundly important books about chinese cinema as correctly pointed out by the editors of the volume understanding of the emerging film industry in china requires a systematic examination of arts politics and commerce of chinese cinema by organizing the inquiry of the chinese film industry around its local and global market politics and film art the authors place the current transformation of chinese cinema within a large framework the book has set a new standard for research on chinese cinema it is a must read for students of arts culture and politics in china tianjian shi duke university art politics and commerce are intertwined everywhere but in china the interplay is explicit intimate and elemental and nowhere more so than in the film industry understanding this interplay in the era of market reform and globalization is essential to understanding mainland chinese cinema this interdisciplinary book provides a comprehensive reappraisal of chinese cinema surveying the evolution of film production and consumption in mainland china as a product of shifting relations between art politics and commerce within these arenas each of the twelve chapters treats a particular history development genre filmmaker or generation of filmmakers adding up to a distinctively comprehensive rendering of chinese cinema the book illuminates china's changing state-society relations the trajectory of marketization and globalization the effects of china's start historical shifts hollywood's role the role of nationalism and related themes of interest to scholars of asian studies cinema and media studies political science sociology comparative literature and chinese language ying zhu is professor of cinema studies in the department of media culture and co-coordinator of the modern china studies program at the city university of new york college of staten island stanley rosen is director of the east asian studies center and a professor of political science at the university of southern california

this book focuses on china's experience in development over the past 70 years and its significance as well as building a community with a shared future for mankind the book consists of a collection of papers contributed by researchers from many countries covering the topics of world order a community with a shared future for mankind the belt and road initiative exchange and mutual learning between civilizations china model china and the world multi-bilateral relationship sustainable

development
