leadership is a vital part of delivering high quality healthcare for all healthcare professionals with the introduction of the nhs leadership academy leadership framework and the competency framework there has never been a better time for paramedics to hone their leadership skills and expertise this is the first book of its kind to demonstrate just how vital leadership skills are for all paramedics and explore how paramedics can lead in their everyday practice divided into two parts the book looks at both the context of contemporary leadership for paramedic practice and then the specific skills of leadership the book includes chapters on what is leadership and who does it communication skills

leadership working as a team decision making conflict resolution mentorship and preceptorship each chapter includes case studies examples and quotes from real life paramedic practice to show what good leadership looks like in everyday clinical settings the book also features profiles of real paramedics that demonstrate the role that leadership plays for all practitioners from novice student paramedics through to specialist paramedic practitioners essential reading for student paramedics and practitioners alike contributors kevin barrett amanda y blaber graham harris paul jones linda nelson mel newton caryll overy marion richardson paul street and surinder walia the notion of leadership within the united kingdom s uk national health service nhs has without question been one which continues to draw debate amongst policy makers executive officers service users professional bodies and regulators this book explores the many paradigms in which the notion of leadership plays an ever increasing role in the lives of healthcare professionals its interaction with summaries of leadership ideologies along with the questions posed by the authors allow students to delve into the role of leadership illustrating the various ways in which strong leadership helps shape and improve patient client outcomes the book explores the many paradigms in which the notion of leadership plays an ever increasing role in the lives of healthcare professionals this publication is not only an essential read for student paramedics but other healthcare students embarking upon a career within the healthcare setting along with student paramedics this book will assist experienced paramedics and those responsible for educating and mentoring paramedic students drawing on a vast range of experience and knowledge from a number of contributors to the book the text provides insightful and illuminating ideas and suggestions as to how the notion of leadership helps practitioners develop their own knowledge and skills as they progress through their career to become registered healthcare professionals i strongly recommend this book to those starting their careers as healthcare professionals john donaghyjohn donaghy bsc hons pgcert fhea fcpara principal lecturer professional lead paramedic science university of hertfordshire uk

a first to market canadian case studies text for paramedics intended to accompany paramedic textbooks as well as for standalone sales to paramedics looking to brush up on their skills this book challenges students to draw on their knowledge in order to respond effectively to the patient situation profiled in each case case based learning helps students to apply what they ve learned and live the experience it is a collection of scenarios that the author has encountered over the past two decades working as a paramedic

based on current guidelines standards and medical research in the ems field sanders paramedic textbook sixth edition

is both a comprehensive learning tool for paramedic students and reliable desk reference for emergency physicians this critical resource includes in depth explorations of key subjects such as pathophysiology pharmacology airway management medical disorders patient assessment and trauma

sojourner by marguerite antonio is an eco conscious science fiction story featuring intergalactic beings talking dolphins and more the author s love for sea creatures especially dolphins and others that are endangered due to pollution inspired the book although a traditional science fiction some qualities make sojourner unique the blend of fictional elements such as space travel portals with real life elements such as nature humans this makes the book very relatable even to those who may not be typical sci fi fans as the story combines eco consciousness with entertainment it takes readers to an exciting fictional world whilst also keeping them grounded in reality and conscious of its challenges the current push for awareness on environmental pollution and its consequences on earth make the book especially relevant today synopsis of sojourner by marguerite antonio etroygylus is honoured and somewhat nervous to be the youngest captain of the four landing parties that the intergalactic council dispatched to planet earth their mission is to surreptitiously study and report on the severity of pollution on the planet and to assess the degree to which humans are addressing the problem although he has been well trained and well versed in the history of earth s people he can only hope that his true identity remains hidden behind his alias troy and that he can safely pilot the landing craft and lead his crew to successfully complete their mission he knows they will face challenges and danger and could meet with hostility and suspicion but he trusts their sojourn on planet earth will be informative and hopefully rewarding

as a follow up to the author s first book the startup protocol a guide for digital health startups to bypass pitfalls and adopt strategies that work this book is a series of case studies about digital health unicorns the ultimate goal is to further educate digital health startup founders and their teams about what it takes to be successful and have a lasting positive effect on our healthcare delivery system through a series of interviews with unicorn founders and leaders the book will synthesize the information and highlight the elements that led to the growth and success of the companies building on the template of ideate build launch and grow outlined in the startup protocol this book documents the origin story of each unicorn and then follows it through the process of building their solution launching the solution and growing their company to unicorn status

jack webb 1920 82 will live on forever in the hearts of tv fans as the no nonsense cop with badge 714 his creation and portrayal of joe friday on dragnet and memorable lines such as just the facts ma am made him and the series a cult with frequent repeat showings on satellite and cable moyers and alvarez along with jack s daughter stacy tell a riveting story of the man that is certain to delight all dragnet fans also included are a dragnet dictionary of terms a chronology of jack s life and scores of rare photos

critical perspectives on the management and organization of emergency services makes an important contribution to the subject of emergency services management and to public administration and organization studies more generally it critically assesses developments in emergency services management by examining the multi dimensional nature of the provision of emergency services and their connectedness in advanced western democracies the effective management of emergency services has never been more important than in today s high pressured and cost conscious public sector the authors of this volume forensically analyse the challenges of delivering emergency services within this context this book provides an in depth scholarly and comprehensive analysis of the changing landscape of emergency service provision and clearly addresses a gap in the market for a critical volume on the emergency services for anyone seeking to understand why and how the management of emergency services matters this collection is essential reading

this is the first emt basic book written specifically for emt s who are members of the fire service and the only emt basic book validated by ifftsta international fire service training association this book complies with the latest u s dot national standard emt basic curriculum and presents its components with an awareness of the unique situations in which firefighter emt s work detailed transition of care procedures are presented in a separate chapter and throughout the book for emt s who work as part of a tiered response system company officer s notes throughout the book highlight safety and patient care considerations for officers and personnel in charge at emergency scenes this is the only emt basic book to include a chapter on emergency incident rehabilitationfirefighter emt s

three nations in similar economic situations since the 1970s have pursued different monetary strategies walsh argues that monetary policies produce predictable winners and losers and that policy choice is a function of how industrial firms banks and unions use their political resources

avoiding common prehospital errors will help you develop the deep understanding of common patient presentations necessary to prevent diagnostic and treatment errors and to improve outcomes providing effective emergency care in the field is among the most challenging tasks in medicine you must be able to make clinically vital decisions quickly and perform a wide range of procedures often under volatile conditions written specifically for the prehospital emergency team this essential volume in the avoiding common errors series combines evidence based practice with well earned experience and best practices opinion to help you avoid common errors of prehospital care look inside and discover concise descriptions of each error are followed by insightful analysis of the hows and whys underlying the mistake and clear descriptions of ways to avoid such errors in the future pearls highlighted in the text offer quick vital tips on error avoidance based on years of clinical and field experience focused content emphasizes high impact areas of prehospital medicine including airway management cardiac arrest and respiratory and traumatic emergencies

public safety professionals work together in life and death situations during natural or transportation disasters industrial accidents shootings suicides or dozens of other instances police officers firefighters and paramedics are called upon to assist both injured and uninjured people although often romanticized in television series and in films the real life tasks of public safety professionals are usually unpleasant restraining violent individuals and removing accident homicide and suicide victims from death scenes and always highly stressful they are frequently subjected to additional stress when their efforts are criticized by family members of the injured or deceased although stress can be harmful even fatal police officers firefighters and paramedics can have more productive and satisfying lives when they learn to positively control stress rather than be controlled by it this english language bibliography consisting of more than 700 references covering the time period 1945 to early 1989 can help these and other professionals manage stress more effectively source publications all of which are annotated include books articles conference proceedings theses government publications and dissertations the bibliography section is composed of six chapters addressing psychological and physiological factors the family substance abuse accidents and suicide with references arranged alphabetically by author surname a list of acronyms and author and subject indexes complete the work of paramount importance to police officers firefighters and paramedics as well as their families this bibliography will provide legislators physicians nurses social workers psychiatrists psychologists and sociologists with extensive and substantial documentation on the stress filled work lives of these public safety professionals
