examines the nation's first widely publicized case involving the concept of clergy malpractice and the questions it raised regarding separation of church and state, free exercise of religion and state regulation of non-professional counseling

the most detailed study of Soviet military industrial espionage during the 1930s, 1940s and 1950s, spying aimed specifically at acquiring restricted information and materials relating to American industry, technology and science

In the transatlantic world of the late eighteenth century, easterly winds blew radical thought to America. Thomas Paine had already arrived on these shores in 1774 and made his mark as a radical pamphleteer during the revolution. In his wake followed more than 200 other radical exiles: English dissenters, Whigs and Unitarians, Scottish lairds and Irish patriots who became influential newspaper writers and editors and helped change the nature of political discourse in a young nation. Michael Durey has written the first full-scale analysis of these radicals, evaluating the long-term influence their ideas have had on American political thought. Transatlantic radicals uncovers the roots of their radicalism in the old world and tells the story of how these men came to be exiled, how they emigrated and how they participated in the politics of their adopted country. Nearly all of these radicals looked to Paine as their spiritual leader and to Thomas Jefferson as their political champion. They held egalitarian, anti-federalist values and promoted an extreme form of participatory democracy that found a niche in the radical wing of Jefferson's Republican Party. Their divided views on slavery, however, reveal that democratic republicanism was unable to cope with the realities of that institution. As political activists during the 1790s, they proved crucial to Jefferson's 1800 presidential victory. Then, after his views moderated and their influence waned, many repatriated; others drifted into anonymity, and a few managed to find success in the new world. Although many of these men are known to us through other histories, their influence as a group has never before been so closely examined. Durey persuasively demonstrates that the intellectual ferment in Britain did indeed have tremendous influence on American politics. His account of that influence sheds considerable light on transatlantic political history and differences in religious, political and economic freedoms. Skillfully balancing a large cast of characters, Transatlantic radicals depicts the diversity of their experiences and shows how crucial these reluctant émigrés were to shaping our republic in its formative years.

Right here, we have countless eBook **Asia In America An Itruduction** and collections to check out. We additionally provide variant types and after that type of the books to browse. The adequate book, fiction, history, novel, scientific research, as with ease as various supplementary sorts of books are readily handy here. As this Asia In America An Itruduction, it ends occurring creature one of the favored book Asia In America An Itruduction collections that we have. This is why you remain in the best website to look the amazing book to have.
