this selection of arabic and english translations illuminates the changes of eighteenth century government in the northern nile valley of sudan and provides reliable chronological points of reference for the history of the region the documents offered in this volume including charter grants of land and privilege administrative letters judicial rulings and other official government records date from 1702 to 1820 this period marks the apogee of the wealth power and geographical extent of the realm of the funji kings of sinnar who reigned over much of the sudan from about 1500 until the turkish colonial conquest of 1821 these records document with concrete precision and eloquence the dissolution of the agrarian social order of an old african kingdom under the corroding influence of intrusive mediterranean commercial practices and culture they reveal the sudan's legacy of a traditionally weak government vulnerable to manipulation or conquest by foreign powers and a divided and impoverished society dominated by a minority of urban interests

radical and dogmatic interpretations of islam have gained ground in recent years in many muslim societies via extensive islamist networks spanning the muslim world and the muslim diaspora communities of north america and europe although a majority throughout the muslim world moderates have not developed similar networks to amplify their message and to provide protection from violence and intimidation with considerable experience fostering networks of people committed to free and democratic ideas during the cold war the united states has a critical role to play in leveling the playing field for muslim moderates the

authors derive lessons from the u s and allied cold war network building experience determine their applicability to the current situation in the muslim world assess the effectiveness of u s government programs of engagement with the muslim world and develop a road map to foster the construction of moderate muslim networks

this book presents articles from the international conference on improved oil recovery cior 2017 held in bandung indonesia highlighting novel technologies in the area of improved oil recovery it discusses a range of topics including enhanced oil recovery hydraulic fracturing production optimization petrophysics and formation evaluation

indonesia s economy has rebounded from the covid 19 recession and inflation has declined considerably but exposure to global uncertainty remains high monetary policy must remain prudent forward looking and data dependent fiscal policy needs to ensure the budget deficit remains below the mandated ceiling government spending and revenue are low in international comparison and future spending pressures require an increase in tax revenues over the medium term indonesia has scope to boost productivity and long term growth prospects though encouraging women s employment alongside continued improvement to educational attainment and improvement to the business environment greater efforts in combatting corruption would help foster a more competitive and productive business sector indonesia has further scope to harness digitalisation geographic gender and age related gaps in individuals access to and adoption of the internet and related tools need to be closed indonesia is vulnerable to the impacts of global warming the country s goal of reaching net zero greenhouse gas emissions by 2060 is challenging in the context of economic convergence and the country s reliance on coal special features socio economic convergence digitalisation green transition

in this ethnographic examination of women s mosques in the maldives anthropologist jacqueline h fewkes probes how the existence of these separate buildings where women lead prayers for other women intersect with larger questions about gender space and global muslim communities bringing together ethnographic insight with historical accounts this volume develops an understanding of the particular religious and cultural trends in the maldives that have given rise to these unique socio religious institutions as fewkes considers women s spaces in the maldives as a practice apart from contemporary global islamic customs she interrogates the intersections between local national and transnational communities in the development of islamic spaces linking together the role of nations in the formation of muslim social spaces with transnational conceptualizations of islamic gendered spaces using the maldivian women s mosque as a starting point this book addresses the roles of both the nation and the global muslim ummah in locating gendered spaces within discourses about gender and islam
