despite growing scepticism concerning the evidentiary value of normative legal sources scholars continue to mine the legislative acts of ecclesiastical councils for insight into political religious and quotidian life in Frankish Gaul between the reigns of Clovis and Charlemagne AD 511–768 at least eighty councils assembled often on royal command to discuss issues of concern to the episcopal

and clerical attendees their published canons were intended to communicate ecclesiastical policy in the frankish regnum however scholars have paid comparatively slight attention to the institution responsible for this body of legislation this book remedies this lacuna by delineating the functions and modus operandi of the frankish church council as an administrative body

this volume brings together papers by a group of scholars distinguished in their own right in honour of james brundage the essays are organised into four sections each corresponding to an important focus of brundage s scholarly work the first section explores the connection between the development of medieval legal and constitutional thought thomas izbicki kenneth pennington and charles reid jr explore various aspects of the jurisprudence of the ius commune while james powell michael gervers and nicole hamonic olivia robinson and elizabeth makowski examine how that jurisprudence was applied to various medieval institutions brian tierney and james muldoon conclude this section by demonstrating two important points modern ideas of consent in the political sphere and fundamental principles of international law attributed to sixteenth century jurists like hugo grotius have deep roots in medieval jurisprudential thought patrick zutshi r h helmholz peter landau marjorie chibnall and edward peters have written essays that augment brundage s work on the growth of the legal profession and how traces of a legal education began to emerge in many diverse arenas the influence of legal thinking on marriage and sexuality was another aspect of brundage s broad interests in the third section richard kay charles donahue jr and glenn olsen explore the intersection of law and marriage and the interplay of legal thought on a central institution of christian society the contributions of jonathan riley smith and robert somerville in the fourth section round out the volume and are devoted to brundage s path breaking work on medieval law and the crusading movement the volume also includes a comprehensive bibliography of brundage s work

the decretum gratiani is the cornerstone of medieval canon law and the manuscript st gallen stiftsbibliothek 673 an essential witness to its evolution the studies in this volume focus on that manuscript providing critical insights into its genesis linguistic features and use of roman law while evaluating its attraction to medieval readers and modern scholars together these studies offer a fascinating view on the evolution of the decretum gratiani as well as granting new insights on the complex dynamics and processes by which legal knowledge was first created and then transferred in medieval jurisprudence contributors are enrique de león stephan dusil melodie h eichbauer atria a larson titus lenherr philipp lenz kenneth pennington andreas thier josé miguel viejo ximénez john c wei and anders winroth

reflecting the focus but also range of their honorand s work in medieval canon law in the era before gratian the essays in this volume explore the creation and transmission of canonical texts

and the motives of their compilers but also address the issues of how the law was interpreted and used by diverse audiences in the earlier middle ages with especial focus on the eleventh and early twelfth centuries these issues have lain at the heart of linda fowler magerl s distinguished body of scholarly work on judicial ordines and procedural literature on the transmission of canonical texts and their formal sources before gratian and perhaps most especially her pioneering role in the creation of a database of canon law manuscripts before gratian now published as *clavis canonum* linda fowler magerl s work has fundamentally transformed our understanding of canonistic activity in the era before gratian and its reception across the church throughout europe individually the scholars whose studies are included in this volume offer new viewpoints on several key issues and questions relating to the creation of canonical texts the concerns of their compilers and the transmission of their work as well as the use of such texts by readers with the most various interests in the period as a whole the volume contributes to an understanding of the increasing importance of the written law for a far wider circle than roman reformers and local advocates these issues are especially highlighted by the editors introduction

this book is a summary of the extensive research by the co authors on the validity and application of the 1804 french civil code in the free city of cracow 1815 1846 the polish constitutional city state established at the congress of vienna from the wealth of case law and legal practice of the cracovian republic emerges a picture in which its inhabitants were consciously and consistently building the structure of a modern state as far as was possible amid the realities of post feudal society this state was already based on the rule of law one of the basic elements of this legal structure was precisely the napoleonic code which established the framework for the private law of the free city and made it a very small but important part of european legal heritage
