this is so beautifully written i couldn t stop reading i gained so much valuable information to help me grow christine colucci author public speaker what is feminine energy and how much of it do you have or perhaps you believe that you don t have any addressed to both men and women who seek their own authenticity and their own definition of what being a man or a woman is the 10 principles of the feminine is about discovering what feminine energy is beyond any dictionary definition and why it s important to honour and cultivate it feminine energy is not an attribute of the fairer sex it is a component of all living things and its true meaning seems to have been lost somewhere and with it people s potential of authentic self expression so identifying feminine energy in yourself and others and connecting to it is essential for leading a balanced and fulfilling life if you don t feel fulfilled or seen then perhaps you aren t in tune with your feminine aspect the 10 principles outlined in here are meant to guide the reader towards a better understanding and appreciation of the feminine which beyond everything represents our inner power and capacity to connect to the eternal and the ethereal as well as to seek and find true love this book is therefore a practical guide for integrating the spiritual aspect into our earthly existence reconciling the feminine with the masculine in an approachable and concise way without pertaining to a certain spiritual or religious ideology
