there have been many important changes in the participation of women and men in american society over the past quarter century tests play a role in those changes by providing evidence of the diverse achievement and proficiency of women and men they aid the learning process and reflect inequalities in opportunity to learn and participate in addition they provide useful information in considering what alternatives in education and work make most sense for individuals and influence views about groups of students educational programs and a wide range of issues for all of these reasons it is important that tests assess fairly and reflect accurately the ways young people are and are not achieving as well as desired the test performance of women and men is a research topic of historical interest and has received much attention in recent years because of this increased interest there is a great deal of new research and data available the purpose of the study presented in this volume was to review this new information with two objectives in mind to clarify patterns of gender difference and similarity in test performance and related achievements and to see what implications those findings might have for fair assessment and as a corollary examine the assessment process as a possible source of gender differences this study is interested in tests used in education to assess developed knowledge and skill in order to gain a broader view of gender similarity and difference the contributors looked at other types of measures and other characteristics of young women and men their hope is to contribute to a firmer basis for insuring fairness in tests an objective which is particularly important as the field moves increasingly to new forms of assessment in which there is less experience

this book first published in 2006 presents research about experiences in middle childhood that forecast children s future development

petsen s private secondary schools traditional day and boarding schools is everything parents need to find the right day or boarding private secondary school for their child readers will find hundreds of school profiles plus links to informative two

page in depth descriptions written by some of the schools helpful information includes the school s area of specialization setting affiliation accreditation subjects offered special academic programs tuition financial aid student profile faculty academic programs student life admission information contacts and much more

educational sociologists have paid relatively little attention to children in middle childhood ages 6 to 12 whereas developmental psychologists have emphasized factors internal to the child much more than the social contexts in explaining children s development children schools and inequality redresses that imbalance it examines elementary school outcomes e g test scores grades retention rates in light of the socioeconomic variation in schools and neighborhoods the organizational patterns across elementary schools and the ways in which family structure intersects with children s school performance adding data from the baltimore beginning school study to information culled from the fields of sociology child development and education this book suggests why the gap between the school achievement of poor children and those who are better off has been so difficult to close doris enwistle karl alexander and linda olson show why the first grade transition how children negotiate entry into full time schooling is a crucial period they also show that events over that time have repercussions that echo throughout children s entire school careers currently the only study of this life transition to cover a comprehensive sample and to suggest straightforward remedies for urban schools children schools and inequality can inform educators practitioners and policymakers as well as researchers in the sociology of education and child development

the purpose in writing this edition has been to bring together in one volume the substance of the best contemporary thought on the most significant issues relevant to the teaching and learning of secondary school mathematics this book is useful both as a basic textbook in undergraduate or graduate classes for prospective or in service teachers of mathematics and as a helpful source of suggestions and supplementary references for the more intensive study of particular ideas

longman preparation course for the toefl test next generation ibt a book cd rom package written by deborah phillips gives students all the tools they need to succeed on the new toefl integrated skills test providing both a comprehensive language

skills course and a wealth of practice for all sections of the test the longman preparation course is appropriate for courses in toefl test preparation or as a supplement to more general english courses note you must have the audio program to use the listening material the skills practice the mini tests and the complete tests in the textbook click here to order the audio program on cd or audiocassette the student book features authentic material for all the new types of passages and questions on the test diagnostic pre tests and post tests that allow students to identify strengths and weaknesses and assess improvement in each section practice sections for the four skills reading provides practice exercises in the new test formats including filling in a table or chart and paraphrasing listening provides authentic conversations between two people in an academic setting and academic lectures with new questions about a speaker s attitude or purpose speaking includes personal and expository tasks and integrated tasks writing consists of expository and integrated tasks reading listening writing eight mini tests that preview the test s integrated four skills format two complete practice tests that familiarize students with the actual test format and timing the cd rom features completelydifferent material from the student book practice sections for all parts of the test including speaking eight mini tests and two complete tests pop up explanations for all items on the cd rom easy to use scoring and record keeping to monitor progress
