what child doesn't love to read about dinosaurs they seem like creature out of a fantasy world but they're real prehistoric world investigates these fascinating creatures painting a vivid picture of life as we think it then existed each book features a different type of dinosaur focusing on a well known member of a particular group but also discussing its relatives and other similar creatures coverage includes the animal's physical characteristics the world in which it lived how it lived and the secrets of its daily survival

how did the earth look in prehistoric times scientists and artists collaborated during the half century prior to the publication of darwin's origin of species to produce the first images of dinosaurs and the world they inhabited their interpretations informed by recent fossil discoveries were the first efforts to represent the prehistoric world based on sources other than the bible martin j s rudwick presents more than a hundred rare illustrations from the eighteenth and nineteenth centuries to explore the implications of reconstructing a past no one has

ever seen

this book seeks to develop a novel approach to literature beyond the conventional divide between realism formalism and history aestheticism it accomplishes this not only through a radical reassessment of the specificity of literature in distinction from one of its others namely philosophy but above all by taking critical issue with the venerable concept of the text and its association with the artisanal techniques of weaving and interlacing this conception of the text as an artisanal fabric is the author holds the unreflected presupposition of both realist or historicist and reflective or deconstructive criticism gasché argues that the scenes of production within literary works created by their authors yet independent of those authors intentions stage a work s own production in virtual fashion and thus accomplish for those works a certain ideal ontological status that allows for both historical endurance and creative interpretation in gasché s construction of these scenes in which literary works render visible within their own fabric the invisible conditions of their autonomous existence certain images prevail the fold the star the veil by showing that these literary images are not simply the opposites of concepts he not only puts into question the common opposition between literature and philosophy but shows that literary works perform a way of argumentation that in spite of all its difference from philosophical conceptuality is on a par with it the argument progresses through close readings of literary works by lautrémont nerval de l isle adam huysman flaubert artaud blanchot defoe and melville

the prehistoric world
