a history of network industries such as railways gas water electricity and telecommunications which offers an historical approach to the contentious issue of privatization the book traces the development of various institutional arrangements for 170 years

a global health crisis creates great uncertainty high stress and anxiety within society during such a crisis when information is unavailable or inconsistent and when people feel unsure of what they know or what anyone knows behavioral science indicates an increased human desire for transparency direction and meaning of what has happened at such a time the roles of stakeholders that emerge with their words and actions can help keep people safe help them cope with emotions and ultimately bring their experience into context leading to meaningful results but as this crisis shifts beyond public

health and workplace safety there are implications for business continuity job loss and radically different ways of working while some may already seek meaning from the crisis and move towards the next normal others feel a growing uncertainty and are worried about the future therefore it is important to analyze the role of stakeholders during these uncertain times stakeholder strategies for reducing the impact of global health crises provides a comprehensive resource on stakeholder action and strategies to deal with crises by analyzing the needs of society during global health crises how stakeholders should communicate and how resilience and peace can be promoted in times of chaos the chapters cover the roles of stakeholders during a pandemic spanning from the government and international development agencies to industry and non government organizations community based organizations and more this book not only highlights the responsibilities of each of the stakeholders but also showcases the best practices seen during the covid 19 pandemic through existing theories and case studies this book is intended for researchers in the fields of sociology political science public administration mass media and communication crisis and disaster management and more along with government officials policymakers medical agencies executives managers medical professionals practitioners stakeholders academicians and students interested in the role of stakeholders during global health crises

pro php security is one of the first books devoted solely to php security it will serve as your complete guide for taking defensive and proactive security measures within your php applications the methods discussed are compatible with php versions 3 4 and 5 the knowledge you ll gain from this comprehensive guide will help you prevent attackers from potentially disrupting site operation or destroying data and you ll learn about various security measures for example creating and deploying captchas validating e mail fending off sql injection attacks and preventing cross site scripting attempts

top financial scholars from around the world analyze regional economic issues in light of the recent asian financial crisis as a result of that crisis and the ensuing reforms corporations governments individual investors have pursued a variety of strategies to cope with the fast changing economic situation each chapter treats a separate issue and offers policy recommendations among the theoretical and empirical analyses collected here are those relating to nonperforming loans economic restructuring bank forecasting prediction of corporate failure islamic banking issues new measurement of systematic risk of delisted stocks resuming trading operations and the lead lag relationship and pricing efficiency of regional stock exchanges

this edited volume addresses how transnational interactions among civil society actors in asia and its sub regions are helping to strengthen common democratic values and transform dominant processes of policymaking and corporate capitalism in the region the contributors conceive of transnational civil society networks as constructive vehicles for both informing and persuading governments and businesses to adopt modify or abandon certain policies or positions this volume investigates the role of such networks through a range of interdisciplinary approaches bringing together case studies on asian transnationalism from south southeast and northeast asia

across four key themes local transformations and connections diaspora politics cross regional initiatives and networks and global actors and influences chapters demonstrate how transnational civil society is connecting people in local communities across asia in parallel to ongoing tensions between nation states and civil society by highlighting the grassroots regionalization emerging from ever intensifying information exchange between civil society actors across borders as well as concrete transnational initiatives uniting actors across asia the volume advances the intellectual mandate of redefining asia as a dynamic and interconnected formation transnational civil society in asia will appeal to students and scholars of international relations politics and asian studies more broadly

it is impossible to reflect on 2020 without discussing covid 19 the term literally meaning corona co virus vi disease d of 2019 has become synonymous with the virus corona and the pandemic the impact of the virus on our lives is unprecedented in modern human history in terms of scale depth and resilience when compared to other epidemics that have plagued the world in recent decades covid 19 is often referred to as being much more deadly and is associated with advances in technology which scientists have described as revolutionary from politics to economics spanning families and continents covid 19 has unsettled norms cultural clashes are intensified politics are even more polarized and regional tensions and conflicts are on the rise global trade patterns and supply chains are increasingly being questioned and redrawn the world is being atomized and individuals are forced to accept the new normal in their routines in an attempt to combat the virus and minimize its detrimental effects countries have undertaken different preventive strategies and containment policies some have successfully curbed the spread of covid 19 while many others remain in limbo doing their best to respond to outbreaks in cases to gain a better understanding of how to fight covid 19 it is imperative to evaluate the success and failures of these approaches under what conditions is an approach successful when should it be avoided how can this information be used to avoid future pandemics this volume offers informative comparative case studies that shed light on these key questions each country case is perceptively analyzed and includes a detailed timeline allowing readers to view each response with hindsight and extrapolate the data to better understand what the future holds taken as a whole this collection offers invaluable insight at this critical juncture in the covid 19 pandemic in the post truth era such careful documentation of the facts is especially welcome dr tania burchardt associate professor department of social policy london school of economics and political science the end is not yet in sight for the pandemic but in these pages the key factors in its development and some possible solutions for the future are laid out in ways that make it indispensable reading prof david s g goodman professor of china studies and former vice president academic xi an jiaotong liverpool university suzhou this book is an important and groundbreaking effort by social scientists to understand on how states have been managing the crisis kevin hewison weldon e thornton distinguished emeritus professor university of north carolina at chapel hill this is exactly the kind of research that will contribute to our fight against covid 19 tak wing ngo university of macau a well researched book on covid 19 highlighting the value of the meticulous fact based groundwork by an international team carlson tong gbs jp former chairman securities and futures commission hong kong chairman university
