i am excited and in fact feel provoked as the book has manifested that the author had successfully gone through the mysterious cultural immersion upon leading a full life in uzbekistan and accomplished the mastery of both the russian and uzbek languages he was well disposed to manoeuvre the heritage tunnel spinning his head with the multitude of

values unbeknown to him his exploits through the rustic country rugged mountains and infinite horizon of forest would match with deeper emotion in circumventing the cultural network passing through the cal de sac of unexplained attributes and reaching the thoughts of real life assurance that have wired him to be one of us the subtle and essential values inculcated drove his adrenalin towards the congregation of behaviour thereby providing an immense source of motivation to be part of the living culture of the country this is thus a classic case in the study of any melting pot from any continent whereby mere coexistence would miss out the rich and deep cultural experience dr yahya mat hassan an academia and a pollster
