accounting hot topics of corporate accountability sustainability and social responsibility to life with the only complete textbook created from the ground up for these modern accounting teaching and learning concepts an introduction to accounting accountability in organisations and society takes a unique approach in embracing from the start the notion of accountability for the environment and sustainability in accounting the structure content and learning activities provide students with an understanding of accounting s pervasive and transformative role as a social practice and organisational driver it shows that environments ideas and values change the interconnectivity of society that the planet must be respected as a resource and that people are affected influenced by the information they receive and the way it is presented it is emphasised that accounting and accountability are key aspects of every person s life and that the practice of accounting while often being seen as very technical in nature has many social implications learning accounting through the lens of sustainability and the environment embeds this perspective in students minds so that in their careers they will actively seek and use accounting information to make decisions that take into consideration accountability for the environment premium online teaching and learning tools are available on the mindtap platform learn more about the online tools here [cengage.com/au/mindtap](http://cengage.com/au/mindtap)

new zealand financial accounting provides students with a comprehensive grounding in all aspects of financial accounting this popular market leading text provides a complete understanding of financial accounting with an engaging and accessible writing style this edition continues to offer students a detailed grasp of the theory and applications underlying financial accounting while challenging the reader to critically evaluate them

the author and mcgraw hill education are proud of our ongoing commitment to new zealand accounting education over six editions we are the only publisher to produce a text that specifically caters to the nz accounting standards and we are delighted to be building a community of academics who provide feedback and contribute to this evolving work grant samkin and craig deegan maintain their commitment to currency with up to date coverage of accounting standards and reporting requirements with numerous local examples and cases as well as great pedagogical features this is the ideal text for studying financial accounting in new zealand

this second edition of the market leading financial accounting text provides new zealand undergraduates with a thorough and comprehensive grounding in all aspects of financial accounting it aims to not only give undergraduates a firm grasp of the principles and application of financial accounting requirements but through the evaluation of rules and guidelines to develop students critical thinking and evaluation abilities a prerequisite to success in an accounting career

this textbook provides a comprehensive guide to accounting theory and aims to improve the readers capacity to think critically about accounting and accounting challenges it is intended for accounting students who are enrolled in an accounting theory course as well as those who want to pursue postgraduate accounting studies namely a phd this textbook starts with an

explanation of what accounting is followed by its history and conceptual framework before tying accounting to research subsequently seven theories of accounting are selected and introduced as the accounting research community has made substantial use of these theoretical frameworks in this textbook too applications of accounting theory to previous studies are provided

given the increased social and environmental problems in china this book looks into the social and environmental disclosure practices of socially responsible chinese listed firms by constructing a stakeholder driven three dimensional disclosure index the book contains a three part study the first part explores the current status of social and environment disclosure practices the second part empirically examines the relationship between corporate social and environmental disclosure and various influencing factors i e stakeholders power and corporate characteristics the third part empirically examines the link between corporate social responsibility csr reporting i e publishing a csr report and the quality of the csr report and socially responsible reputation the book finds that the csr report provided more stakeholder relevant social and environmental disclosure than the annual report it also finds that corporate characteristics such as firm size profitability and industry classification are all statistically significant factors influencing the social and environmental disclosure of the chinese firms studied shareholders significantly influenced firms social and environmental disclosure and creditors significantly influenced firms disclosure related to their environmental performance the final part of the study reports that publishing a csr report and csr reporting quality had a positive influence on firms socially responsible reputations and that the ceo chairman duality negatively influenced firms socially responsible reputation this book will be of interest to those who are keen to learn more about corporate social responsibilities in the context of chinese firms

the management and balancing of social environmental and economic sustainability is one of the most complex and urgent challenges facing both private and public sector organizations today with these challenges of sustainability posing many risks to and many opportunities for advancing the aims and performance of organizations accounting and accountability processes and practices provide key tools to help organizations to more effectively identify and manage the risks and opportunities of sustainability popular features from the first edition are retained whilst recent developments in theory and practice are accounted for new substantive chapters on water resource accounting carbon accounting and decision making have been introduced and the book continues to benefit from a host of expert contributors from around the world including jesse dillard rob gray craig deegan this comprehensive and authoritative textbook will continue to be a key resource for students of accounting and sustainability as well as being a vital tool for researchers

in recent years corporate social responsibility csr reporting in china has been experiencing a rapid development and the number of social reports issued by chinese enterprises shows a sharp increasing trend this book investigates the evolution of such reporting practice in the country and the reasons behind it in addition it also examines the reporting quantity and quality of chinese enterprises by applying the gri global reporting initiative as an evaluation

tool in response to policy documents so as to obtain the government's recognition and to strive for more resources state owned enterprises private enterprises and foreign invested companies have made substantial efforts in social reporting in terms of quantity and coverage however it appears that there is still room for enhancing the quality of disclosure the book also highlights the central government's economic political and social roles in promoting encouraging and controlling the development of csr reporting
