filled with practical and effective approaches this book is an asset to anyone wanting to develop their skills in working with adolescents samantha best camhs manager and clinical nurse specialist this publication is a further invaluable resource to counsellors wanting to work with young people it offers a one stop shop for any practitioner who wants to understand adolescent development and the need for a counselling approach that parallels this with helpful strategies for enhancing the counselling conversation and the relationship between counsellor and the young person barbara rayment director of youth access london providing an excellent introduction to counselling young people that is theoretically sound and rich in delivering practical techniques this book is an important addition to the personal library of counselling students and counsellors associate professor sylvia rodger university of queensland st lucia queensland australia in this third edition of their bestselling text kathryn and david geldard provide a practical introduction to the principles and practices required for successful counselling to show that working with young people can be both challenging and effective the book is divided into three main parts covering how to understand the young client as a person the pro active approach of working with young people the counselling skills and strategies needed this third edition has been completely revised and updated and includes two new chapters the first maintaining a collaborative relationship identifies ways to engage a young person collaboratively throughout a proactive counselling process the other professional and ethical issues deals with these issues as they relate to working with young people additional practical case studies and examples show how counsellors can work pro actively with this age group the book will be of particular interest as a textbook and resource to all professionals who work with emotionally disturbed young people and will provide an excellent resource for trainees in courses on counselling social work psychology occupational therapy mental health and psychiatry nursing and education

hardcover edition of a text specially relevant to students and practitioners in the health sciences which provides a basic introduction to counselling in health care it then focuses on a range of specific instances in which counselling has been of established value including sexual counselling counselling for families counselling for women and counselling for drug users and those who are hiv positive includes bibliography and index the authors are co authors of psychology for nurses

this introduction to personal counselling for professional and volunteer counsellors and those who train them covers the specific skills required and includes examples of dialogue to show how counselling skills are implemented in real situations

if you need one book that is crammed with clinically excellent genuinely well informed and useful ideas for working with family relationships in all their permutations this is undoubtedly it professor colin feltham sheffield hallam university this is easy to read and has a clear layout counselling msc students may find it an interesting introduction to the topic times higher education magazine may 2009 this book is a practical skills based introduction to relationship counselling it covers couple counselling for parents whole family counselling and counselling for children and young people with regard to their relationships with siblings peers and parents the text also includes o an introduction to relationship counselling theory and concepts o discussion of the importance of relying on a clearly defined theory of change o ways to address parenting issues o an exploration of confidentiality disclosing inappropriate behaviour and personal safety kathryn geldard and david geldard present an integrative model of relationship counselling which combines skills and strategies from a number of approaches their practical guide integrates individual and subgroup counselling with whole family counselling providing much needed material on methods and approaches for communicating with children and young people the book will be invaluable to new relationship counsellors learning the skills required in order to bring about change and will be a useful reference book for experienced counsellors

a resource for students and professionals in counselling social work psychology occupational therapy mental health and psychiatry nursing and education

master s thesis from the year 2008 in the subject sociology children and youth grade a panjab university government home science college chandigarh india course masters in child development language english abstract the present study was designed to investigate adolescent adjustment problems and school counselling services as perceived by adolescents educators and parents the objectives of the study were 1 to gain an insight into perception of adolescents educators and parents regarding adjustment problems of adolescents in various domains 2 to gauge the views of educators parents and adolescents regarding need and importance of counselling services in schools 3 to understand the views of educators parents and adolescents related to various aspects of implementation of school counselling services the results obtained from both the responses on the student problem

checklist and on the questionnaires indicated similar perception of adjustment problems the study revealed that school going adolescents perceived low adjustment in the domains of studies occupation and health all the respondents emphasized on the need of counselling for the school going adolescents however very few had actually approached any professional ever for counselling and were not very clear about the role of counselors in schools the results also revealed that adolescents and parents preferred approaching teachers rather than the professional counselors for help the teachers perceived themselves as able and as competent as the counselors in handling adolescent problems although at times they reported having difficulty in dealing with certain specific problems the results highlighted the need to orient and educate the adolescents teachers and parents on the need for counselling regular in service training and workshops were asked for by the teachers to develop and enhance their counselling skills

Conflict and dispute resolution is a practical guide to understanding dispute resolution theory in the context of organisational psychological and social work themes it covers the spectrum of interventions from the prevention of conflict ignoring it managing it through feedback difficult conversations self mediation conflict coaching to facilitative processes such as dispute facilitation mediation conciliation and managing groups and multi party disputes the book encourages diverse thinking about how conflict impacts not only on the individual but also on relationships in their broadest sense at home at work locally and globally the authors show how to apply the theoretical aspects of mediation to skill building for conflict management negotiation and mediation and include discussion of assessment methods conflict resolution and mediation is comprehensive in its coverage of all the skills and processes needed by students coaches mentors and practitioners to help deal with dilemmas and become reflective practitioners it is complete with case studies clear examples and dialogue extracts to assist in becoming more aware and more effective at being able to provide an appropriate process for parties to achieve their outcome

this practical book has been specifically designed for students and professionals working with emotionally disturbed adolescents it introduces the specific issues associated with counselling adolescents and describes how traditional counselling skills can be enhanced by the use of pro active processes for more effective use with this client group kathryn and david geldard describe the nature of adolescence explore adolescents counselling needs giving an account of the pro active approach to counselling they developed for use with this client group and describe the use of widely accepted counselling skills which enable the

adolescent to arrive at strategies for addressing specific issues the final part contains case
