eugene marshall presents an original systematic account of spinoza s philosophy  
of mind in which the mind is presented as an affective mechanism that when  
rational behaves as a spiritual automaton he explores key themes in spinoza s  
thought and illuminates his philosophical and ethical project in a striking new way

breakthrough innovation is often difficult to achieve great ideas hide in places  
that are not obvious they often first appear as bits and pieces of fragmented  
ideas rather than something fully revealed in addition the story behind chasing  
ideas is as elusive as the ideas themselves some say that breakthrough  
innovation is magical unlearnable or inborn it is a wonderful fairy tale of  
inspiration however evidence does not fully support the inspiration hypothesis a  
successful idea chase is a combination of inspiration and disciplined hard work  
these important ingredients cannot be separated they work together to reveal  
something that is unseen by others artists authors musicians as well as leaders of  
some of the most innovative organizations have mastered this approach it is a  
skill that can be described developed and managed as described in this book the  
story of innovation is built on seven key principles and a toolbox of supporting  
methods be ambitious create chemistry define roles and responsibilities build  
trust lean on data show perseverance and embrace sacrifice this story is told  
through the experiences and examples of innovative organizations and  
extraordinary people that have combined the magic of inspiration with the  
muscle of discipline to achieve the impossible

jerusalem has for centuries been known as the spiritual center for the three largest monotheistic religions judaism christianity and islam yet jerusalem s other worldly transcendence is far from the daily reality of jerusalem a city bombarded by conflict the battle over who owns and controls jerusalem is intensely disputed on a global basis few cities rival jerusalem in how its divisions are expressed in the political sphere and in ordinary everyday life jerusalem the spatial politics of a divided metropolis is about this constellation of competing on the ground interests the endless set of claims struggles and debates over the land neighborhoods and communities that make up jerusalem spatial politics explain the motivations and organizing around the battle for jerusalem and illustrate how space is a weapon in the jerusalem struggle these are the windows to the world of the israel palestine conflict based on ninety interviews years of fieldwork and numerous jerusalem experiences this book depicts the groups living in jerusalem their roles in the conflict and their connections to jerusalem s development written for students scholars and those seeking to demystify the jerusalem labyrinth this book shows how religion ideology nationalism and power underlie patterns of urban development inequality and conflict

religion plays a central role in a variety of social movements including many that are not explicitly faith based this book provides the first systematic analysis of the ways religion contributes to diverse movements for social change it draws on a variety of case studies from the us and globally to build an argument about religion s distinctive capacity to provide logistical support to inspire and legitimize activist practices to connect different spatial scales and to link big ideas to everyday experiences the book s analysis rests on three foundational arguments first and most fundamentally it is impossible to understand movements for social change without analyzing the multiple ways that religion shapes their ideas communities and practices second religion is always in mutually transformative

interaction with social and political forces and can never be entirely separated from them in social movements and in the public sphere more generally people interpret politics with values and concepts drawn from religion and understand their activism as spiritually meaningful this challenges the assumption that religion is a largely a private matter third scholars must treat religion as a relatively independent variable which actively shapes social processes just as it is shaped by them we cannot make sense of religion s role in social movements without acknowledging that religious institutions and traditions have to some extent a life of their own
