to the first english edition in preparing this translation i have taken the liberty of including footnotes in the main text or inserting them in small type at the appropriate places i have also corrected minor misprints without special mention the chapters and sections of the original text have been called parts and chapters respectively where the latter have been numbered consecutively the subject index was not contained in the russian original and the authors index represents an extension of the original list of references in this way the reader should be able to find quickly the pages on which anyone reference is discussed the transliteration problem has been overcome by printing the names of russian authors and journals also in russian type while preparing this translation in the first place for my own information the knowledge that it would also become accessible to a large circle of readers has made the effort doubly worthwhile i feel sure that the reader will share with me in my admiration for the simplicity and lucidity of presentation

presents 250 multi step math problems for students in grades four through eight covering whole numbers decimals fractions measurement geometry percents ratio and probability and algebra and statistics and includes an answer key

vols for 1847 1963 64 include the institution s report of the secretary also published separately
