whether a secularized morality biblical worldview or unstated set of mores the victorian period can and always will be distinguished from those before and after for its pervasive sense of the proper way of thinking speaking doing and acting animals in literature taught victorian children how to be behave if you are a postmodern posthumanist you might argue but the animals in literature did not write their own accounts animal characters may be the creations of writers imagination but animals did and do exist in their own right as did and do humans the original

essays in animals and their children in victorian explore the representation of animals in children s literature by resisting an anthropomorphized perception of them instead of focusing on the domestication of animals this book analyzes how animals in literature civilize children teaching them how to get along with fellow creatures both human and nonhuman

this interdisciplinary and cross cultural collection reflects the growth of animal studies as an independent field and the rise of animality as a critical lens through which to analyze society and culture on par with race and gender

human animal co existence is central to a politics of life how we order societies and to debates about who we humans think we are in other words our ways of understanding and ordering human animal relations have economic and political implications and affect peoples everyday lives by bringing together historically oriented approaches and contemporary ethnographies which engage with science and technology studies sts this book reflects the multi sited multi species multi logic and multiple ways in which lives are and have been assembled disassembled practised and possibly policed and politicized instead of asking only how control and knowledge are and have been extended over life the chapters in this book also look at what happens when control fails at practices which defy orders escape detection fail to produce or only loosely hang together in doing so the book problematises and extends the foucauldian notion of biopolitics that has been such a central analytical concept in studies of human animal relations and provides a unique resource of cases and theoretical refinements regarding the ways in which we live together with more than human others

the dramatic transformation of relationships between humans and animals in the 20th century are investigated in this fascinating and accessible book at the beginning of this century these relationships were dominated by human needs and interests modernization was a project which was attached to the goal of progress and animals were merely resources to be used on the path towards human fulfilment as the century comes to an end these relationships are increasingly being subjected to criticism we are now urged to be more sensitive and compassionate to animal needs and interests this book focuses on social change and animals it is concerned with how humans relate to animals and how this has changed and why moreover it highlights

animals and women is a collection of pioneering essays that explores the theoretical connections between feminism and animal defense offering a feminist perspective on the status of animals this unique volume argues persuasively that both the social construction and oppressions of women are inextricably connected to the ways in which we comprehend and abuse other species furthermore it demonstrates that such a focus does not distract from the struggle for women s rights but rather contributes to it this wide ranging multidisciplinary anthology presents original material from scholars in a variety of fields as well as a rare early article by virginia woolf exploring the leading edge of the species gender boundary it addresses such issues as the relationship between abortion rights and animal rights the connection between woman battering and animal abuse and the speciesist basis for much sexist language also considered are the ways in which animals have been regarded by science literature and the environmentalist movement a striking meditation on women and wolves is presented as is an examination of sexual harassment and the taxonomy of hunters and hunting finally this compelling collection suggests that the subordination and degradation of women is a prototype for other forms of abuse and that to deny this connection is to participate in the continued mistreatment of animals and women

twenty years ago people thought only cranks or sentimentalists could be seriously concerned about the treatment of non human animals however since then philosophers scientists and welfarists have raised public awareness of the issue and they have begun to lay the foundations for an enormous change in human practice this book is a record of the development of animal

rights through the eyes of one highly respected and well known thinker this book brings together for the first time stephen r l clark s major essays in one volume written with characteristic clarity and persuasion animals and their moral standing will be essential reading for both philosophers and scientists as well as the general reader concerned by the debates over animal rights and treatment
