in 1958 morton smith traveled to jerusalem to do research in the monastery library of mar saba in the judean desert what he found was no routine corroboration of new testament history but a precious fragment of a second century document that would change our understanding of the work and teaching of jesus of nazareth

in this needed and highly anticipated new translation of the theban plays of sophocles david slavitt presents a fluid accessible and modern version for both newcomers to the plays and established admirers unpretentious and direct slavitt's translation preserves the innate verve and energy of the dramas engaging the reader or audience member directly with sophocles great texts slavitt chooses to present the plays not in narrative sequence but in the order in which they were composed antigone oedipus tyrannos oedipus at colonus he thereby underscores the fact that the story of oedipus is one to which sophocles returned over the course of his lifetime this arrangement also lays bare the record of sophocles intellectual and artistic development renowned as a poet and translator slavitt has translated ovid virgil aeschylus aristophanes ausonius prudentius valerius flaccus and bacchylides as well as works in french spanish portuguese and hebrew in this volume he avoids personal intrusion on the texts and relies upon the theatrical machinery of the plays themselves the result is a major contribution to the art of translation and a version of the oedipus plays that will appeal enormously to readers theatre directors and actors

while cataloging material in the library of the monastery of mar saba in 1958 morton smith discovered a quotation from a letter of clement of alexandria copied in the end pages of a 17th century collection of the letters of ignatius after more than a decade of collaborative analysis of the find smith published his conclusions in 1973 setting off a firestorm of controversy in the new testament studies guild in 1975 a jesuit scholar quentin quesnell claimed the letter had been forged and implied that smith was the forger moving the focus of debate off the text itself and onto smith since then the pages containing the letter have been removed from the book and possibly destroyed while catholic and evangelical writers none of whom have ever seen the pages in question continue to claim that smith forged the letter following his death in 1991 accusations against smith took on a considerably more personal tone highlighting his alleged homosexuality and by implication his dishonesty and moral perversity although the question of authenticity remains unresolved the controversy has opened a window on the intellectually corrupt nature of apologetic new testament studies a subject of greater importance than the authenticity of early christian texts

a groundbreaking account of the secret gospel of mark one of the most hotly debated documents in christian history in 1958 at the ancient christian monastery of mar saba just outside jerusalem columbia university scholar morton smith claimed to have unearthed a letter written by the christian philosopher clement of alexandria and containing an excerpt from a previously unknown version of the canonical gospel of mark this excerpt recounts a story of jesus's apparent sexual encounter with a young resurrected disciple in recent

years an influential group of researchers has alleged that no secret gospel or letter of clement existed in antiquity and that the manuscript that morton smith found was a modern forgery created by none other than smith himself in this book geoffrey s smith and brent c landau enter into the controversy surrounding this document and argue that the secret gospel of mark is neither a first century alternative gospel nor a twentieth century forgery by the scholar who announced its discovery instead this account is intimately bound up with the history of mar saba one of the oldest monasteries in the christian world in this fascinating work smith and landau present the realities and misconceptions surrounding not only the now lost manuscript but also its brilliant enigmatic and acerbic discoverer morton smith

in 1958 bible scholar morton smith announced the discovery of a sensational manuscript a second century letter written by st clement of alexandria who quotes an unknown longer version of the gospel of mark when smith published the letter in 1973 he set off a firestorm of controversy that has raged ever since is the text authentic or a hoax is smith s interpretation correct did jesus really practice magic or homosexuality and if the letter is a forgery why through close examination of the discovered manuscript s text peter jeffery unravels the answers to the mystery and tells the tragic tale of an estranged episcopalian priest who forged an ancient gospel and fooled many of the best biblical scholars of his time jeffery shows convincingly that smith s secret gospel is steeped in anachronisms and that its construction was influenced by oscar wilde s salomé twentieth century misunderstandings of early christian liturgy and smith s personal struggles with christian sexual morality

in beyond belief renowned religion scholar elaine pagels continues her groundbreaking examination of the earliest christian texts arguing for an ongoing assessment of faith and a questioning of religious orthodoxy spurred on by personal tragedy and new scholarship from an international group of researchers pagels returns to her investigation of the secret gospel of thomas and breathes new life into writings once thought heretical as she arrives at an ever deeper conviction in her own faith pagels reveals how faith allows for a diversity of interpretations and that the rogue voices of christianity encourage and sustain the recognition of the light within us all
