the first extensive study of the african american community under colonial spanish rule  
black society in spanish florida provides a vital counterweight to the better known  
dynamics of the anglo slave south jane landers draws on a wealth of untapped primary  
sources opening a new vista on the black experience in america and enriching our  
understanding of the powerful links between race relations and cultural custom

this gripping study examines slave resistance and protest in antebellum florida and its  
local and national impact from 1821 to 1865 using a variety of sources such as  
slaveholders wills and probate records ledgers account books court records oral  
histories and numerous newspaper accounts larry eugene rivers discusses the historical  
significance of florida as a runaway slave haven dating back to the seventeenth century  
and explains florida s unique history of slave resistance and protest in moving detail  
rivers illustrates what life was like for enslaved blacks whose families were pulled  
asunder as they relocated from the upper south to the lower south to an untamed  
place such as florida and how they fought back any way they could to control small  
parts of their own lives against a smoldering backdrop of violence this study analyzes  
the various degrees of slave resistance from the perspectives of both slave and master  
and how they differed in various regions of antebellum florida in particular rivers  
demonstrates how the atlantic world view of some enslaved blacks successfully aided  
their escape to freedom a path that did not always lead north but sometimes farther  
south to the bahama islands and caribbean identifying more commonly known slave  
rebellions such as the stono louisiana denmark telemaque vesey gabriel and the nat  
turner insurrections rivers argues persuasively that the size scope and intensity of black  
resistance in the second seminole war makes it the largest sustained slave insurrection  
ever to occur in american history meticulously researched rebels and runaways offers a

detailed account of resistance protest and violence as enslaved blacks fought for freedom

black muslims in the u s seeks to address deficiencies in current scholarship about black muslims in american society from examining the origins of islam among african americans to acknowledging the influential role that black muslims play in contemporary u s society

to help understand the cultural history and implicitly the context of current events of the former european colonial caribbean nations such as cuba and haiti see the french colony of saint domingue and that of the plantation america caribbean oriented states of louisiana and florida gaspar duke u geggus u of florida and six other contributors analyze the institution of slavery in this tropical zone and its late 18th early 19th century vanquishing indigenous military and legislative self liberation and striving toward racial equality fomented by the liberating attitudes of the french revolution in turn further impacted regional integration annotation copyrighted by book news inc portland or

african americans have risen from the slave plantations of nineteenth century florida to become the heads of corporations and members of congress in the twenty first century they have played an important role in making florida the successful state it is today this book takes you on a tour through the 67 counties of the sites that commemorate the role of african americans in florida s history if we can learn more about our past both the good and the not so good we can make better decisions in the future behind the hundreds of sites in this book are the courageous african americans like brevard county s malissa moore who hosted many saturday night dinners to raise money to build a church and miami dade s gedar walker who built the first rate lyric theater for black performers and of course also featured are the more famous black floridians like zora neale hurston jackie robinson mary mccleod bethune and ray charles

the first study of the complex relationships among the races in latin america after spanish colonization

emancipation manumission and complex legalities surrounding slavery led to a number of women of color achieving a measure of freedom and prosperity from the 1600s through the 1800s these black women held property in places like suriname and new orleans headed households in brazil enjoyed religious freedom in peru and created new selves and new lives across the caribbean beyond bondage outlines the restricted spheres within which free women of color by virtue of gender and racial restrictions carved out many kinds of existences although their freedom represented by respectability opportunity and the acquisition of property always remained precarious the essayists support the surprising conclusion that women of color often sought and obtained these advantages more successfully than their male counterparts

viewed from the perspective of the florida peninsula the essays in this collection explore the history of labor in the united states and caribbean highlighting the ways this view provides new insights into shifting race and ethnic relations gender roles class definitions and human migration from the spanish colonial period through the present day florida provides a unique window onto the transformation of american labor over the past four centuries underscoring the international and national developments that have shaped and been shaped by the lives of working men and women book jacket

during the wars for independence in spanish south america 1808 1826 thousands of

slaves enlisted under the promise of personal freedom and in some cases freedom for other family members blacks were recruited by opposing sides in these conflicts and their loyalties rested with whomever they believed would emerge victorious the prospect of freedom was worth risking one s life for and wars against spain presented unprecedented opportunities to attain it blanchard s study investigates the issue of slavery from the perspectives of royalists patriots and slaves he examines the wartime political ideological and social dynamics that led to slave recruitment and the subsequent repercussions in the immediate postindependence era under the flags of freedom sheds new light on the vital contribution of slaves to the wars for latin american independence

a collection of essays from a conference held at york university october 12 15th 2000  
pref

this book illuminates african americans efforts to claim space in american society despite often hostile resistance

an examination of the political and economic power of a large african american community in a segregated southern city this study attacks the myth that blacks were passive victims of the southern jim crow system and reveals instead that in jacksonville florida blacks used political and economic pressure to improve their situation and force politicians to make moderate adjustments in the jim crow system bartley tells the compelling story of how african americans first gained then lost then regained political representation in jacksonville between the end of the civil war and the consolidation of city and county government in 1967 the political struggle was buffeted by the ongoing effort to build an economically viable african american economy in the virulently racist south it was the institutional complexity of the african american community that ultimately made the protest efforts viable black leaders relied on the institutions created during reconstruction to buttress their social agitation black churches schools fraternal organizations and businesses underpinned the civil rights activities of community leaders by supplying the people and the evidence of abuse that inflamed the passions of ordinary people the sixty year struggle to break down the door blocking political power serves as an intriguing backdrop to community development efforts jacksonville s african american community never accepted their second class status from the beginning of their subjugation they fought to remedy the situation by continuing to vote and run for offices while they developed their economic and social institutions
