between the politics of mysticism and the mysticism of politics traces the dialectic of the mystical and the political from both a theological and an historical perspective it presents the dialectic as a hermeneutic for the rise of the new ecclesial communities within the roman catholic tradition and suggests it as the framework by which a trajectory for christian holiness might emerge in the 21st century

translation of a theoretical manifesto by one of latin america s leading political philosophers interpreting the new wave of radicalism in latin american politics

offers a reading of the political history of the world as an against story a story of an anti traditional tradition this text presents an alternative reading of the history of the political world and the ideas that have inspired their political philosophy

nowadays the environment looms large in the analysis of conflict in developing societies and the precise role it plays is the subject of an ongoing debate the debate has moved on from the earlier but still popular notions of power struggles class struggles and ethnic conflicts to a perception of conflict as the product of intense group competition for resources where the state controls the distribution of resources itself inevitably becomes

party to conflicts whose bone of contention is access to state power as the most efficient means of gaining access to resources the resources in question are social health education transportation communication recreation etc and material land water housing jobs contracts licenses permits etc in parts of the world and especially in africa diminishing resources and authoritarian state rule exacerbate group competition leading to political confrontation this is the line i have followed in analysing conflict in the hom of africa markakis 1987 1998 mohamed salih s first contribution in this volume is to move the debate a step beyond this line which can be criticized as unduly materialist he does it by bringing culture into the realm of resources not only as a resource in itself but also as the agency that assigns natural resources their value culture thus becomes a contextual element in conflict over resources whose value is culturally determined

in the 1960s only 10 of peace agreements included some element of political military accommodation namely military integration from burundi to bosnia to zimbabwe that number had increased to over 50 by the 2000s however relatively little is understood about this dimension of power sharing often utilized during war to peace transitions through an examination of the case of south sudan between 2006 and 2013 this book explores why countries undergoing transitions from war to peace decide to integrate armed groups into a statutory security framework this book details how integration contributed to short term stability in south sudan allowing the government to overcome wartime factionalism and consolidate political military power prior to the referendum on self determination in 2011 it also examines how the integration process in south sudan was flawed by its open ended nature and lack of coordination with efforts to right size the military and transform the broader defense sector and how this led the military to fragment during periods of heightened political competition furthermore the book explains why integration ultimately failed in south

sudan and identifies the wider lessons that could be applied to current or future war to peace transitions this book will be of great interest to students of war and conflict studies peacebuilding post conflict reconstruction african security issues and international relations in general as well as to practitioners

the political is a collection of readings by the most important political philosophers representing the six major schools of continental philosophy phenomenology existentialism critical theory poststructuralism postmodernism and postcolonialism

this is the credo and seminal text of the movement which was later characterized as liberation theology the book burst upon the scene in the early seventies and was swiftly acknowledged as a pioneering and prophetic approach to theology which famously made an option for the poor placing the exploited the alienated and the economically wretched at the centre of a programme where the oppressed and maimed and blind and lame were prioritized at the expense of those who either maintained the status quo or who abused the structures of power for their own ends this powerful compassionate and radical book attracted criticism for daring to mix politics and religion in so explicit a manner but was also welcomed by those who had the capacity to see that its agenda was nothing more nor less than to give good news to the poor and redeem god s people from bondage

an eloquent document of the civil rights movement that remains a work of profound social relevance 50 years after it was first published a revolutionary work since its publication black power exposed the depths of systemic racism in this country and provided a radical political framework for reform true and lasting social change would only be accomplished through unity among african americans and their independence
