the region that is today macedonia was long the heart of the ottoman empire in europe it was home to a complex mix of peoples and faiths who had for hundreds of years lived together in relative peace to be sure these people were no strangers to coercive violence and various forms of depredations visited upon them by bandits and state agents in the final decades of the nineteenth century and throughout the twentieth century however the region was periodically racked by a bitter conflict that was qualitatively different from previous outbreaks of violence in blood ties ipek k yosmaoglu explains the origins of this shift from sporadic to systemic and pervasive

violence through a social history of the macedonian question yosmaoglu s account begins in the aftermath of the congress of berlin 1878 when a potent combination of zero sum imperialism nascent nationalism and modernizing states set in motion the events that directly contributed to the outbreak of world war i and had consequences that reverberate to this day focusing on the experience of the inhabitants of ottoman macedonia during this period she shows how communal solidarities broke down time and space were rationalized and the immutable form of the nation and national identity replaced polyglot fluid associations that had formerly defined people s sense of collective belonging the region was remapped populations were counted and relocated an escalation in symbolic and physical violence followed and it was through this process that nationalism became an ideology of mass mobilization among the common folk yosmaoglu argues that national differentiation was a consequence and not the cause of violent conflict in ottoman macedonia

ottoman rule in macedonia was always unfavorable to the macedonians the turks were ruthless and oppressive but the period of the macedonian national resurgence was extraordinarily burdensome and grueling these last four decades of turkish rule in macedonia can likely be categorized as the bloodiest and most chaotic years of macedonia s existence this book describes those conditions that made macedonia an inescapable abyss of anarchy where the only certainty was violence and poverty

during the tumultuous age of empire ottoman macedonia became a blank canvas onto which great powers and neighboring states projected their aspirations grievances ambitions and state building endeavors this manuscript aims to elucidate these constructs and imaginaries employing a theoretical framework encompassing entangled history post colonial theory and subaltern studies it will examine both inter state and local examples to shed light on the multifaceted nature of this complex issue

this book is a comprehensive and dispassionate analysis of the intriguing macedonian question from 1878 until 1949 and of the macedonians and of their neighbours from the 1890s until today with the two themes intertwining the macedonian question was an offshoot of the wider eastern question i e the fate of the european remnants of the ottoman empire once it dissolved the initial protagonists of the macedonian question were greece bulgaria and serbia and a slav speaking population inhabiting geographical macedonia in search of its destiny the largest segment of which ended up creating a new nation comprising the macedonians something unacceptable to its three neighbours alexis heraclides analyses the shifting sands of the macedonian question and of the gradual rise of macedonian nationhood with special emphasis on the greek bulgarian and serbian claims to macedonia 1870s 1919 the birth and vicissitudes of the most famous macedonian revolutionary organization the vm o ro and of other organizations 1893 1940 the appearance and gradual establishment of the macedonian nation from the 1890s until 1945 titos s crucial role in

macedonian nationhood cum federal status the greek macedonian name dispute 1991 2018 including the skeletons in the cupboard the deep seated reasons rendering the clash intractable for decades the final greek macedonian settlement the 2018 prespa agreement the bulgarian macedonian dispute 1950 today and its ephemeral settlement in 2017 the issue of the macedonian language and the macedonian national historical narrative the author also addresses questions around who the ancient macedonians were and the fascination with alexander the great this monograph will be an essential resource for scholars working on macedonian history balkan politics and conflict resolution

in this study of macedonian slavs in the greek civil war the author examines how their participation in the conflict and the attempts by other groups to manipulate them gave rise to modern issues that continue to affect politics in the region today the macedonian question has confounded academics politicians and the people of the balkans since the nineteenth century while the countries have resolved the territorial component of the macedonian question the critical and confusing question surrounding the ethnic and linguistic identity of the people of the region continues to be the source of international debate part of the reason for this confusion is because the history of the macedonian question is shrouded in nationalist polemics the role of the macedonian slavs involvement in the greek civil war is particularly contentious and embedded in nationalist polemics which has impacted academic inquiry this book argues that the preponderance of macedonian slavs within the communist forces during the greek civil war influenced the actions of all the major actors involved and is a significant factor in shaping the modern macedonian national identity

the ottoman empire went through rapid economic and social development in the late nineteenth and early twentieth centuries as it approached its end profound changes took place in its european territories particularly and prominently in macedonia in the decades before the first world war industrial capitalism began to emerge in ottoman macedonia and its impact was felt across society the port city of salonica was at the epicentre of this transformation led by its jewish community but the most remarkable site of development was found deep in provincial macedonia where industrial capitalism sprang from domestic sources in spite of unfavourable conditions ottoman greek traders and industrialists from the region of mount vermion helped shape the economic trajectory of turkey in europe and competed successfully against jewish capitalists from salonica the story of ottoman macedonian capitalism was nearly forgotten in the century that followed the demise of the empire this book pieces it together by unearthing ottoman archival materials combined with greek sources and field research it offers a fresh perspective on late ottoman economic history and will be an invaluable resource for scholars of ottoman greek and turkish history bloomsbury publishing

the contest for macedonian identity 1870 1912 is a scholarly book detailing the ongoing campaigns

to divide and conquer the macedonian people first by the ottoman empire under which macedonia was colonized by muslims and many macedonians converted to islam and then by greece serbia and bulgaria as they fought to turn macedonians into greeks serbs and bulgarians using state sponsored teachers priests bandits and terrorists the contest for macedonian identity examines in detail this fierce competition and how it was fought at the political religious educational and day to day village level it analyzes ottoman greek bulgarian serbian macedonian and other sources and introduces new and original research by the author from the bitola region western macedonia and many other parts of ethnic and ottoman macedonia this is a definitive work on the occupation of macedonia in the modern era and the development and defence of the macedonian identity with 520 pages and a large format the contest for macedonian identity 1870 1912 is a big generous book well researched and easy to read

these two volumes cover the entire period of macedonia s written history volume 1 moves from the temenid kingdom in the fifth century bc through hellenistic roman byzantine bulgarian and serbian rule to the overthrow of christian rule by the ottoman turks many of the highlights in ancient macedonian history were created by king philip ii and his son alexander and by the struggles of the antigonid regime to withstand the ambitions of the romans high points in the byzantine rule were achieved under emperor justinian in the 6th century and again under basil ii in the 11th geography made macedonia a transit territory for the crusades but their passage was marked nevertheless by wanton brutality by the beginning of the 13th century byzantine power had passed its apogee and it suffered the sack of constantinople by the fourth crusade the ensuing establishment of the latin empire exposed macedonia to repeated rounds of devastation by latin bulgarian and greek warlords despite the recovery of constantinople by michael palaeologus the much weakened byzantine empire could no longer withstand its foes despite the transient displacement of greek power by serbian rule macedonia was destined to succumb to the ottomans the emphasis in volume 1 is weighted geographically towards aegean macedonia northwestern greece where the ancient kingdom was rooted vardar macedonia the lands that now comprise the macedonian republic only emerged as a civilised historical entity during the middle ages this voyage through history not only documents the macedonian past but also discovers its cultural heritage this includes the mosaics and sculptures of the alexandrine era and its christian churches for christianity left its indelible mark on macedonian civilisation the book follows the emergence of early christianity from the time of st paul but gives emphasis to the artistic culture of late antiquity a further chapter is devoted to orthodox mysticism and its fourteenth century role in the creation of the secret churches in the lakes of ohrid and prespa another charts the strange history of athos macedonia s holy mountain peninsula in its formative period

assists interested readers in learning more about the recent events in the development of this newly independent state as well as its more distant past the dictionary traces the history of

macedonia from the context of the ancient macedonian kingdom through its control by the roman byzantine and ottoman empires up to the present day

a monumental new volume revelatory even revolutionary clark has done a masterful job explaining the inexplicable boston globe one of the new york times book review s 10 best books of the year winner of the los angeles times book prize history historian christopher clark s riveting account of the explosive beginnings of world war i drawing on new scholarship clark offers a fresh look at world war i focusing not on the battles and atrocities of the war itself but on the complex events and relationships that led a group of well meaning leaders into brutal conflict clark traces the paths to war in a minute by minute action packed narrative that cuts between the key decision centers in vienna berlin st petersburg paris london and belgrade and examines the decades of history that informed the events of 1914 and details the mutual misunderstandings and unintended signals that drove the crisis forward in a few short weeks meticulously researched and masterfully written the sleepwalkers is a dramatic and authoritative chronicle of europe s descent into a war that tore the world apart

shows how transnational corporations use lobby groups to shape eu policy new updated edition

in the aftermath of the kosovo crisis it is said that macedonia will be next this volume provides an in depth interdisciplinary analysis of the macedonian question the essays included illustrate the intimate connections between culture and ethnic politics in macedonia
