the new edition of foundations of naturopathic nutrition provides an essential but detailed guide to the principles of clinical nutrition from a naturopathic perspective fully updated with the latest research evidence the text begins with an overview of basic physiological principles and the body's protective systems such as the antioxidant detoxification and immune systems it then moves to an in depth examination of different food components including essential nutrients such as protein lipids carbohydrates vitamins minerals and trace elements as well as nutritional bioactives such as alpha lipoic acid phytochemicals digestive enzymes and probiotics there is detailed information on how each food component is digested and metabolised in the body and guidance on its

impact on health including summary boxes case studies and quizzes to help readers consolidate their knowledge this second edition now includes an evidence box which highlights the most recent and clinically relevant research findings on the main nutrients there is also a new section on finding and evaluating research from using search engines to assessing different types of research studies this accessible and informative text will appeal to all students interested in nutrition from a complementary health perspective

theatrical gender bending also called drag is a popular form of entertainment and a subject of scholarly study however most drag studies do not question the standard words and ideas used to convey this performance genre drawing on a rich body of archival and ethnographic research meredith heller illuminates diverse examples of theatrical gender bending male impersonation in variety and vaudeville 1860 1920 the sexless gender bending of el teatro campesino 1960 1980 queer butch acts performed by black nightclub singers such as stormé delarverie instigator of the stonewall riots 1910 1970 and the range of acts that compose contemporary drag king shows heller highlights how in each case standard drag discourses do not sufficiently capture the complexity of performers intents and methods nor do they provide a strong enough foundation for holistically evaluating the impact of this work queering drag offers redefinition of the genre centralized in the performer s construction and presentation of a queer version of hegemonic identity and it models a new set of tools for analyzing drag as a process of intents and methods enacted to effect specific goals this new drag discourse not only allows for more complete and accurate descriptions of drag acts but it also facilitates more ethical discussions about the bodies identities and products of drag performers

each issue is packed with extensive news about important cancer related science policy politics and people plus there are editorials and reviews by experts in the field book reviews and commentary on timely topics
