this wide ranging survey of issues in intercultural language teaching and learning covers everything from core concepts to program evaluation and advocates a fluid responsive approach to teaching language that reflects its central role in fostering intercultural understanding includes coverage of theoretical issues defining language culture and communication as well as practice driven issues such as classroom interactions technologies programs and language assessment examines systematically the components of language teaching language itself meaning culture learning communicating and assessments and puts them in social and cultural context features numerous examples throughout drawn from various languages international contexts and frameworks incorporates a decade of in depth research and detailed documentation from the authors collaborative work with practicing teachers provides a much needed addition to the sparse literature on intercultural aspects of language education

eva alcón soler maria pilar safont jordà universitat jaume i spain the main purpose of the present book is to broaden the scope of research on the development of intercultural communicative competence bearing this purpose in mind english learners are considered as intercultural speakers who share their interest for engaging in real life communication according to byram and fleming 1998 the intercultural speaker is someone with knowledge of one or more cultures and social identities and who enjoys discovering and maintaining relationships with people from other cultural backgrounds although s he has not been formally trained for that purpose besides possessing knowledge of at least two cultures is the case of many learners in bilingual or multilingual communities in these contexts the objective of language learning should then focus on developing intercultural competence which in turn may involve promoting language diversity while encouraging english as both a means and an end of instruction see alcón this volume this is the idea underlying the volume which further sustains kramsch s argument 1998 against the native non native dichotomy following that author we also believe that in a multilingual world where learners may belong to more than one speech community their main goal is not to become a native speaker of english but to use this language as a tool for interaction among many other languages and cultures

language learning and intercultural understanding in the primary school shows how to deliver a progressive and holistic embedded language curriculum it provides guidance on inclusive approaches for students with english as an additional language including native speakers in the target

language as well as language awareness activities that maximise links with learning in english practical and accessible it contains classroom examples plans resources and pedagogical approaches all underpinned by theory research and practice each chapter examines specific themes relating to language culture identity and wellbeing providing rich discussions and a range of perspectives case studies bring to life the examples provided and reflection points offer the reader the opportunity to pause and consider an idea resource or challenging concept before moving on presenting a lived narrative of shared voices the authors invite readers to learn about their own cultural and linguistic identities and how these relate to their practice this is a must read for teachers language specialists and school leaders who wish for a clear rationale for the role of language culture identity and wellbeing within and beyond the curriculum

the intensification of contacts between cultures and languages has a major impact on all social spheres today multiculturalism and multilingualism are important elements of the local regional national and global community much of the world s conflict stems from the contrast between globalization and nationalism fuelled by religions racial divisions traditions and other cultural particularities focusing mainly on the situation in central and south eastern europe this book addresses how cultural identities develop through tourism education literature and other social fields and how language and literature teaching should be planned in this context it consists of the following sections language culture and tourism interculturalism multilingualism and approaches to language learning and culture in literature and translation the volume will be of interest to teachers and researchers of cultural and tourism studies linguistics and language learning literary studies and translation while also addressing wider readers interested in contemporary intercultural society

this is an important book a very important book it is important because it both challenges traditional understandings of language teaching and learning in universities and rejects new understandings which only devalue the potential power of language learning this is not however merely a critique the authors offer a compelling alternative and do so in a language and style which mirror the alternative proposed the authors illustrate their ideas through snapshots of classroom practices which help to build up a picture of what is meant such illustrations are invaluable teaching in higher education every so often a book comes along filled with so much wisdom critical insight and sheer humanity that it takes one s breath away modern languages is such a book reclaiming language as both a site of struggle and a crucial sphere of politics alison phipps and mike gonzalez make it

clear that matters of language lie at the heart of any viable pedagogy in which democracy matters but not a language s drained of critical possibilities passion power or imagination but language as the context and medium in which meaning is produced affective investments made and experiences are given legitimacy any educator parent student or citizen of the world who cares about democracy pedagogy and the crucial role of modern languages creating the conditions for agency politics and yes hope should read this book professor henry giroux waterbury chair penn state university usa i expect it will become a much thumbed handbook for teachers in search of inspiration and i am sure it will be a catalyst to further debate and exploration but i suspect it may also become a turning point for thinking about modern languages this book exudes life and hope it shows a future where languages can thrive because they are an integral and indispensable part of what it means to be human it is an exhilarating prospect to help to bring that future closer professor michael kelly director subject centre for languages linguistics and area studies university of southampton modern languages is argumentative in the best sense it is intellectually ambitious and is making a bold and brave argument of its own the story is exciting and offers a radical way of reconceiving teaching and learning in languages it is written with evident passion and conviction and it seeks to reach out to an audience the authors come across as committed and even as brilliant teachers this is a book for its age but yet may have a long shelf life it has made me think about modern languages and language teaching and learning in quite new ways professor ronald barnett institute of education university of london this book pushes the traditional field of modern languages into new challenges and it crosses intradisciplinary borders between different languages and cultures it is intrinsically about languaging and about being intercultural the authors argue that languages are a social justice issue give voice to language users in general and to language students in particular and engage into powerful erudite reflexive and critical insights this book portrays language and culture education as a passionate intelligent and committed undertaking in sum it is essential and stimulating reading for those language and culture educators teaching in modern language departments from universities all over the world who dare dr manuela guilherme researcher center for social studies universidade de coimbra this accessible book aims to challenge and stimulate all those engaged with teaching modern languages in higher education it is not a how to book rather it engages with the complex often paradoxical position of modern languages today and offers arguments for and illustrations of the ways in which teachers of modern languages can position themselves critically in that rapidly changing context it works with the concepts of languaging and being intercultural which arise from a rigorous examination of research findings a challenging critique of current models of work within the discipline and a reflection on existing teaching practices

beginning with an examination of the crisis in modern languages in the u k and north america the authors draw on data and descriptions of learning experiences in the field and position themselves critically within the debates key problems for teachers and learners are identified and elaborated through examples of critical incidents which point to generic as well as specific issues and solutions in teaching languages in higher education the teaching learning in the humanities series edited by ellie chambers and jan parker is for beginning and experienced lecturers it deals with all aspects of teaching individual arts and humanities subjects in higher education experienced teachers offer authoritative suggestions on how to become critically reflective about discipline specific practices

the use of english as a global lingua franca has given rise to new challenges and approaches in our understanding of language and communication one area where elf english as a lingua franca studies both from an empirical and theoretical orientation have the potential for significant developments is in our understanding of the relationships between language culture and identity elf challenges traditional assumptions concerning the purported inexorable link between a language and a culture due to the multitude of users and contexts of elf communication the supposed language culture and identity correlation often conceived at the national level appears simplistic and naïve however it is equally naïve to assume that elf is a culturally and identity neutral form of communication all communication involves participants purposes contexts and histories none of which are neutral thus we need new approaches to understanding the relationship between language culture and identity which are able to account for the multifarious and dynamic nature of elf communication

combining perspectives from discourse analysis and sociolinguistics the second edition of this popular textbook provides students with an up to date overview of the field of intercultural communication ingrid piller explains communication in context using two main approaches the first treats cultural identity difference and similarity as discursive constructions the second informed by bilingualism studies highlights the use and prestige of different languages and language varieties as well as the varying access that speakers have to them

the central aim of language teaching is typically to prepare learners to communicate through the language learnt however much current language teaching theory and practice is based on a simplistic view of communication that fails to match the multilingual and intercultural reality of the

majority of second language l2 use this element examines the relationship between language and culture through an l2 in intercultural and transcultural communication it puts forward the argument that we need to go beyond communicative competence in language teaching and focus instead on intercultural and transcultural awareness implications for pedagogic practice are explored including intercultural and transcultural language education

winner of the 2015 16 kenneth w mildenberger prize awarded by the modern language association many educators aim to engage students in deeply meaningful learning in the language classroom often facing challenges to connect the students with the culture of the language they are learning this book aims to demonstrate that substantial intercultural learning can and does occur in the modern language classroom and explores the features of the classroom that support meaningful culture in language learning the author argues that transformative modern language education is intimately tied to a view of language learning as an engagement in meaning making activity or semiotic practice the empirical evidence presented is analyzed and then linked to both the theorizing of culture in language teaching and to practical concerns of teaching

exploring intercultural communication investigates the role of language in intercultural communication paying particular attention to the interplay between cultural diversity and language practice this second edition increases and updates the coverage on emerging key topics including symbolic power communicative turbulence conversational inequality stereotypes racism nationality and ethnicity talk and the impact and role of technology in intercultural communication including global examples from a range of genres this book is an indispensable resource for students taking language and intercultural communication modules within applied linguistics tesol education or communication studies courses

the research and development described in this volume is intended to contribute to the integration of intercultural communication training in teacher education programmes

international perspectives on intercultural learning are presented within a framework of cultures of learning related to education and language learning and use in academic contexts intercultural learning involves learners travelling to learn in a place where other cultures of learning are

dominant and to which they are usually expected to adapt

this book offers a wide range of topics for the scholar interested in the study of english in this unsettling era of disruption in our lives from linguistics to literature to language teaching and learning the chapters present snippets of thoughts and critical reflections findings from action research and other methodologies and essays on troubling topics for language teachers the authors are researchers experienced teachers and students engaged in exploratory research the many ideas and suggestions for further reflection and research will inspire teachers and researchers working in many different contexts both educational and regional there is something in this book for everybody

using diverse language examples and tasks this book illustrates how intercultural communication theory can inform second language teaching

research paper postgraduate from the year 2016 in the subject communications intercultural communication grade 2 3 university of applied sciences regensburg course language and intercultural competence language english abstract language or communication in a broader sense is just a part of culture but a very important one because a shared language allows members of different cultures to express themselves and communicate with each other just as norms expectations and behaviour language vary across cultures and it can change and evolve in the course of time for several reasons e g new needs of the speakers of a language technological progress new products just to mention a few the origins of human language have been discussed as a topic for centuries and there is no consensus as to when it really began noam chomsky an american linguist and often referred to as the father of modern linguistics states that it has been an evolutionary process that still goes on today because he speaks of a so called language faculty as a special component of the human brain which is specifically dedicated to language and required for language acquisition michael corballis emeritus professor at the department of psychology at the university of auckland is challenging chomsky s theory as he argues in his book the truth about language that gesture was crucial to the development of speech instead of a single mutation in a single human he states that we share that ability with other animals and his idea is supported by investigations of sign languages developed by deaf children who start to babble with their hands just as hearing children do with their mouths languages are constantly changing and this makes it difficult to count the exact number of living languages existing in the world today another problem could be the definition of a language because there is a difference between a

language and a dialect or between a language and a macrolanguage for that reason the international organization for standardization iso has set international standards toward comprehensive coverage of languages and language groups in the iso 639 series the language codes are used in the ethnologue a catalog of living languages published by sil international which is the registration authority for iso 639 3 according to ethnologue 19th edition there are 7 097 living languages in the world

telecollaboration or online intercultural exchange has become widely recognised as an effective way to promote the development of intercultural communicative competence and language skills however the study and implementation of new 2 0 environments such as wikis skype virtual worlds and gaming for telecollaboration is still in its infancy how can these multilingual multimodal collaborative environments be used to promote language and intercultural learning what are the implications for teachers and learners and what new literacies are required do they offer an added value this book seeks to answer these questions and many more by bringing together the experience and expertise of researchers and practitioners alike the authors offer critical stances new frameworks and practical case studies to help the reader navigate the world of telecollaboration 2 0

the issue of intercultural learning has been tackled amongst others in the fields of education language education and applied linguistics in spite of the extensive literature on the subject there is still much which needs to be done to address the ways in which linguistics itself can contribute to intercultural education the 8 chapters by internationally renowned scholars highlight different ways of using it both in the classroom and in researching intercultural education the following approaches are covered critical discourse analysis Énonciation conversation analysis and pragmatics the introduction to the volume also offers a useful and comprehensive survey of the debates around the polysemic notion of the intercultural the book will appeal to an international readership of students scholars and professionals across a wide range of disciplines interested in making intercultural education more effective
