the tip of the dingle peninsula at the westernmost edge of europe is one of ireland s most isolated regions for millennia it has also been a hub for foreign visitors its position made it a medieval centre for traders and the wildness of its remote landscape has been the setting for spiritual pilgrimage this seeming paradox is what makes dingle and its western hinterland unique the ancient native culture has been preserved while also being influenced by the world at large this rich heritage is best understood by chatting with the people who live and work here but how many visitors get that opportunity starting with dingle town felicity hayes mccoy takes us on an insiders tour of the region interviewing locals along the way ranging from farmers postmasters and boatmen to museum curators radio presenters and sean

nos singers a resident for the last twenty years felicity offers practical information and advice as well as cultural insights that will give any visitor a deeper understanding of this special place

this volume offers a first hand account of life on the streets of belfast during the height of the troubles as a young reporter witnesses the blood feuds and chaos of a divided society on the brink of civil war

ken wharton s latest book on the northern ireland troubles is as always written from the perspective of the british soldier here he chronicles the worst year of the troubles 1972 a year in which 172 soldiers died as a direct consequence of the insanity that would grip ulster for almost 30 years his empathy lies firstly with the men who tramped the streets and countryside of northern ireland but also with the good folk of the six counties who never wanted their beautiful land to be the terrorists battleground ken wharton is utterly condemnatory of the provisional ira and inla but he certainly pulls no punches in his assessment of the loyalist paramilitaries and terror gangs who sought to outdo the barbarism of their republican counterparts based on the testimony of the men who were there during that terrible year the author tries to investigate every loss in as much detail as time and space permit with longer chapters to describe bloody friday the appalling tragedy of claudy and with the 12 year public inquiry finally over the terrible events of bloody sunday the bloodiest year is written with passion and a detailed knowledge in particular of belfast and the experience of the ordinary squaddie on the streets the troubles have become britain s forgotten war and so long as he is able ken will do his best to keep the memory of operation banner alive this is good honest history soldiers and civilians alike owe the author a debt of gratitude for telling it like it was patrick bishop best selling author of 3 para

Thank you very much for downloading
Boek Medische Immunologie
Geschreven Door Rob Benner.
