recent years have seen a massive upsurge of interest in vintage pulp fiction magazines attracted to the outré stories and lurid covers that many such periodicals sported a new generation of collectors has taken to the bloody pulps as a result prices of these fragile

collectibles have soared especially at auction in January 2024 heritage auctions sold a copy of the incredibly rare October 1912 issue of the All-Story which introduced Tarzan of the Apes for more than a quarter million dollars that's the exception though perfectly desirable pulp magazines in decent condition can be found for as little as ten and twenty dollars each you just have to know where to look for them what significance they have and how much to spend on them that's where the new Bookery's Guide to Pulps and Related Magazines comes in collectibles dealer Tim Cottrill whose legendary Bookery Fantasy Store has welcomed customers for more than 40 years published his first pulp price guide in 2001 it was called the Ultimate Guide to the Pulps some years later it was followed by Bookery's Guide to Pulps with two editions published under that title he has steadily and rigorously continued to accumulate sales data on pulps and the numbers you'll see in this latest edition reflect transactions made as recently as the summer of 2025 Cottrill carefully tracks prices realized at online auctions transactions on eBay and various book shows around the country the revised third edition of Bookery's Guide to Pulps has been compiled from that data and additional information culled from other sources makes this 410 page tome as much a reference book as a price guide even if you're not a die-hard collector of the things yet you'll find this information fascinating to see the least if you are a die-hard pulp collector the guide is a must have

Much has been written about the pulps the medium of popular fiction which began in 1896 and yet despite the number of books and essays written about the pulps and despite the current enthusiasm for some of the genres of literature which appeared in the pulps a great deal of information about the pulps remains obscure and a number of seemingly obvious questions remain unanswered or worse answered with misleading or inaccurate information what were the most popular genres in the pulps what were the most significant pulp magazines how many pulps were published when were the pulps heyday when did the pulps decline how did the pulps compare to the dime novels and when did the pulps supplant the dime novels I've attempted to answer these questions and provide accurate information on the pulps in the pulps I've gathered together a substantial amount of numerical information never before brought together and presented it and with that information set out the true history of the pulps rather than the received wisdom about them

From comic books to the superhero movies that dominate theaters to the serialized shows we stream on Netflix the impact and influence of the pulps can be seen throughout pop culture today they were mass entertainment at a time before radio and television and continued through two world wars the golden age of radio and the beginning of television many writers who went on to greater fame got their starts working in the pulps this guide includes entries on some of the most prominent writers heroes and villains from the golden age of the pulps consider it the 101 level course on the pulp magazine writers and heroes that dominated popular entertainment

in the first half the 20th century

the top selling best reviewed title in murania press history is now available in a newly revised and expanded edition with nearly 2000 copies in print sold in 23 countries the blood n thunder guide to pulp fiction has been acclaimed one of the foremost the foremost in the opinion of some reference books covering the subject during the 20th century s first half millions of americans flocked to newsstands every month in search of thrills provided by all fiction magazines printed on cheap pulp paper these periodicals introduced and popularized such famous characters as tarzan zorro sam spade buck rogers doc savage hopalong cassidy and conan the barbarian to name just a few the producers of pulp fiction churned out their vigorous and occasionally outré stories at a feverish pace generally for a mere penny per word some eventually graduated from the pulps to become world famous best selling authors among them edgar rice burroughs max brand erle stanley gardner ray bradbury louis l amour dashiell hammett and raymond chandler often derided in their own time the rough paper magazines had an incalculable effect on american pop culture they gave birth to modern science fiction and the hardboiled detective story but also to plot devices character types and storytelling innovations that live on in today s most popular novels movies and tv shows illustrated with 750 magazine covers and original paintings the blood n thunder guide to pulp fiction presents a complete and lively history of this unique literary form covering genres individually and identifying key titles authors and stories it also offers advice on collecting the vintage magazines and directs readers to recently published reprints of classic pulp this handbook is a perfect companion piece to 2017 s the art of the pulps co edited by ed hulse along with addressing previous omissions and making editorial corrections we ve added nearly 10 000 words of new copy recently uncovered facts and additional analysis to the existing manuscript we ve also included more cover reproductions among them at least a half dozen important first issues left out of the original 2013 edition what s more we ve updated the four appendices which offer carefully compiled lists of mass market pulp fiction anthologies reference books about the pulps small press publishers specializing in rough paper fiction reprints and a collector s guide to building a comprehensive pulp magazine collection perhaps most importantly the book now has a complete index the lack of which was the only substantive complaint we ve ever received about the earlier guide the new material has been added without significantly increasing the book s page count and list price by slightly reducing the text s font size thus getting more words per page we also filled blank pages that previously separated chapters the 2013 guide had 414 pages the 2018 revision has 428

includes changes entitled public bulletin
