Exploring Management, Second Edition by John Schermerhorn presents a new and exciting approach in teaching and learning the principles of management. This text is organized within a unique learning system tailored to students' reading and study styles. It offers a clean, engaging, and innovative approach that motivates students and helps them understand and master management principles.

Management Theory, Research, and Practice is a business management text featuring readings written expressly for the book by successful scholars and practitioners in the field. The text moves the study of management away from the standard dry academic information-dense approach and presents it as a hands-on, practical discipline requiring input from both practitioners and scholars. The book is divided into nine sections covering topics such as individual differences, social responsibility, and ethics, and spirituality. Other topics include stakeholders, sustainability, creativity, innovation, and managing communication, conflict, and stress. Within these units are several chapters that cover important subjects often overlooked in other texts, including social and emotional intelligence, generational management, organizational learning, and family businesses. Each of the 23 chapters concludes with practical exercises and cases, giving students the opportunity to apply what they are learning. Management Theory, Research, and Practice is designed for use in undergraduate business management courses. It is also an excellent text for courses in organizational psychology, communication, and public administration. Afzal Rahim earned his Ph.D. at the University of Pittsburgh. Currently, he is a distinguished professor of management and a Hays Watkins Research Fellow at Western Kentucky University. In addition to his work in the classroom, Dr. Rahim serves as the editor of *Current Topics in Management*.
