yahweh the lord god and his son yahshuah jesus christ made statements with regard to eschatology that have been spiritualized for over a millennium which has led to the belief in universalism the belief that yahshuah died for everyone well after one studies the original languages of the hebrew aramaic and greek the message of the kingdom of god was preached to and accepted by a certain house in the bible the other house rejected this message and yahshuah

punished that house by taking the kingdom away from them and giving it to another nation bringing forth fruit there are only the house of israel the house of judah and the house of david mentioned in the bible all three existed then as they do today however most of today s babylonian priesthood churchianity refuses to accept the secular historical position with regard to the house of israel and who they are today the people groups which yahweh and yahshuah addressed still exist today however these people are all mixed up and known by different names but they do exist this book goes back to the origin of these people groups in the bible and brings them forward to the present using their old names in order to understand eschatology this brings us to the major question of is the bible only about israel and if so how does it affect our eschatology today this book answers these hard questions
